Report No. SAT-00025

Monday September 13, 1999

SATELLITE POLICY BRANCH INFORMATION

Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-LOA-19910305-00044 CSS91009 LORAL ORION SERVICES, INC.

Launch and Operating Authority

ORIGINAL FILE NO. CSS-91-009

Loral Orion Services, Inc. has requested grant of final authorization to construct, launch and operate the Orion F3 satellite (now called Orion 2) at 12 degrees W.L. (See letter dated August 13, 1999 in File No. CSS-91-009.) Conditional authorization was granted on September 22, 1995. (See Orion Satellite Corporation, 10 FCC Rcd 12307 (1995).)

Please note: In the FCC's Reference Center, filings may be found in File No. CSS-91-009.

SAT-MOD-19990819-00086 CSS91009 LORAL ORION SERVICES, INC.

Modification

Loral Orion Services, Inc. has filed an application for modification of its authorization to construct, launch and operate its Orion 2 satellite (formerly designated Orion F3). Loral Orion is seeking authority to redefine certain spot beam coverage areas, add extended Ku-band frequencies for European and South African operations, use state-of-the-art traveling wave tube amplifiers, modify the transponder configuration and standardize channelizations, change the location of the satellite control operations, and make various other minor technical modifications.

For more information concerning this Notice, contact the Satellite and Radiocommunication Division at 418-0719; TTY 202-418-2555.
