**Re: Construction Permit File No. BNPL-20010116ABN  
New LPFM, Rock Hill, SC (Facility ID 128529)**

Dear Ms. Dortch

Community Educational Radio, Inc. (the "Permittee"), was granted the above-captioned Construction permit on August 13, 2004, to build a new Class LP100 low power FM station on 100.9 MHz at Rock Hill, South Carolina. The Permittee has determined that it will not construct this authorized facility due to the death of the president, William B. Taylor, and subsequent dissolving of Community Education Radio, Inc. Accordingly, Community Educational Radio withdraws any claims to the construction permit authorization (FCC Form 351A) and petitions for it's cancellation.

Very truly yours

*William B. Taylor*  
*Benjamin H. Taylor* /R for deceased  
William B. Taylor  
President

*Karon J Taylor*  
Karon J Taylor  
Secretary
