CONCURRENT RESOLUTION OF IOWA LEGISLATURE

Mr. HICKENLOOPER presented a concurrent resolution of the Legislature of the State of Iowa, which was referred to the Committee on Public Works, and ordered to be printed in the RECORD, as follows:

HOUSE CONCURRENT RESOLUTION 9

Whereas, the Federal Aid Highway Act of 1956 and other federal statutes, created and established a program for the construction of a system of interstate and defense highways, and federal-aid primary and secondary highways with urban extensions in the state of Iowa and the several states of the nation; and

Whereas, the federal statutes have defined the sources of revenue and have dedicated the funds exclusively for the timely and orderly development of the highway system; and

Whereas, the Congress of the United States, under the Highway Act of 1956, as amended, has specified that these funds shall be distributed; and

Whereas, for the past decade the federal government has urged the state of Iowa and this state's highway industry to step up construction, and Iowa has been most cooperative in this regard as is evidenced not only by the accelerated highway program but also by the training and establishment of a skilled work force, and by the large, long-term capital investments undertaken by contractors, subcontractors and material suppliers to meet this commitment; and

Whereas, the construction team of working men and equipment, of professional engineers and contractors, once developed and operating efficiently, cannot be sustained if the financing becomes spasmodic and unreliable; and

Whereas, it has been definitely demonstrated in Iowa that better highways save the time, lives and money of our citizens, and that the consequences of a reduction in highway improvements would adversely affect the well-being of our citizens and cause further suffering and tragic loss of lives; and

Whereas, the orderly development of these modern highway systems is essential to preserve the national defense by providing the means of moving expeditiously the critical weapons, materials and personnel, and of coping with the aftermath of natural disaster or nuclear attack; and

Whereas, the rapid and convenient transportation of field crops, dairy and food products, livestock, lumber and minerals from the farms, ranches, mines and mills to distant consumer markets is essential to preserve these basic industries in the state of Iowa, and to expedite the flow of commerce between the states.

Now, therefore, be it resolved, by the Sixty-second General Assembly of the state of Iowa, now in session, the Senate and House of Representatives concurring, that we respectfully petition the President of the United States, although justifiably concerned with the inflationary trends developing throughout the nation, to reconsider his decision to cut back on this most vital and necessary

federal-aid highway program which, if not continued in an orderly fashion, will have lasting adverse effects upon the national defense and the economic stability of the state of Iowa and the several states.

Be it further resolved, that the Chief Clerk of the House of Representatives of the state of Iowa be hereby authorized and directed to forward certified copies of this Resolution to the President of the United States, to each member of the Iowa congressional delegation and to the leadership of the Senate and House of Representatives of the United States.

We, Maurice E. Baringer, Speaker of the House of Iowa, and William R. Kendrick, Chief Clerk of the House, hereby certify that the above and foregoing Resolution was adopted by the House and Senate of the Sixty-second General Assembly.

WILLIAM R. KENDRICK,
Chief Clerk of the House.
MAURICE E. BARINGER,
Speaker of the House.

CONCLUSION

The committee finds that the history of the relationship between the United States and Puerto Rico and the present state of economic and political attainment of the people of Puerto Rico bear eloquent witness to the wisdom and statesmanship of the Members of the 64th Congress in enacting the Jones Act extending American citizenship to Puerto Rico. Its members unanimously urge that this Congress promptly give formal recognition to the 50th anniversary of that occasion by adopting Senate Resolution 86.

The preamble was agreed to.

The title was amended, so as to read: "Resolution to extend the congratulations of the Senate to the people of Puerto Rico on their fiftieth anniversary of United States citizenship".

CORRECTION OF RECORD

Mr. MANSFIELD. Mr. President, on page S2891 in the RECORD for March 1, 1967, the substitute resolution which was agreed to by Congress on yesterday reads as follows, in the third section: "its support of the Geneva Accords of 1954".

It should read: "its support of the Geneva Accords of 1954 and 1962".

The rest is to follow in subsequent order, and I request that the RECORD be corrected accordingly.

The ACTING PRESIDENT pro tempore. The RECORD will be so corrected.

A FIRST LADY HELPS ANOTHER

Mr. MANSFIELD. Mr. President, in reading the Evening Star for Monday, February 27, 1967, I noted a most interesting article entitled "A First Lady Helps Another." It is concerned with a gift of 16 sets of playground equipment which the First Lady of Mexico, Mrs. Gustavo Diaz Ordaz, is presenting to Mrs. Lyndon Johnson, to help our First Lady in the beautification program in which she has shown such a great interest.

As stated in the article:

Designed and manufactured in Mexico, the 16 sets, with 16 units each, include climbing devices shaped like a guitar, a barge representing Mexico's Xochimilco Gardens, an Indian, a cactus, and animals.

These items will be presented to the various playgrounds in the District of Columbia on March 8 by Mexico's outstanding Ambassador to this country, the Honorable Hugo B. Margain, and there will be a ceremony at that time at Hains Point.

Mr. President, to me this is the kind of assistance which contributes immensely to bringing relief to some of our underprivileged children. It is also an indication of a fine and firm friendship between the First Ladies of the United Mexican States and the United States of America.

Speaking on behalf of the Senate, we are delighted by this show of amity,

and we extend our best wishes and thanks to Mrs. Gustavo Diaz Ordaz, the First Lady of the United Mexican States, for the interest she has shown and the understanding she has exhibited.

I ask unanimous consent that the article be printed in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From the Washington (D.C.) Evening Star, Feb. 27, 1967]

MEXICO'S GIFT TO DISTRICT OF COLUMBIA: FIRST LADY HELPS ANOTHER

(By Roberta Hornig)

Washington is getting a gift of 16 sets of playground equipment because a First Lady—Mrs. Gustavo Diaz Ordaz of Mexico—wants to help Mrs. Lyndon Johnson's beautification program.

The Mexican playground sets will be installed at several of the city's parks, schools and public playgrounds and at Junior Village, the White House announced yesterday.

Designed and manufactured in Mexico, the 16 sets, with 16 units each, include climbing devices shaped like a guitar, a barge representing Mexico's Xochimilco Gardens, an Indian, a cactus, and animals.

Mexican Ambassador Hugo B. Margain will officially present the first set of equipment to Mrs. Johnson at a ceremony March 8 at Hains Point, one of the playground sites.

Seven sets will go to District schools—Walker-Jones, Rutherford B. Hayes, Emma B. C. Merritt, Dr. Richard Kingsman, Strong John Thomson, Slater Langston and Anita J. Turner—and five to the following city park plots:

At 1st Street and Florida Avenue NW; Potomac Avenue, K and 12th Streets SE; F and 2nd Streets and New Jersey Avenue SE; 9th Street and Illinois Avenue NW; and Vermont Avenue at 10th Street NW.

Two sets have not been designated for specific sites as yet. The gift is a result of President and Mrs. Johnson's trip to Mexico. While there, Mrs. Johnson saw playground equipment in Chapultepec Park and was impressed because it was functional and gay.
