ERRATUM

Wireless Telecommunications Bureau Assignment of License Authorization Applications, Transfer of Control of Licensee Applications, De facto Transfer Lease Applications and Spectrum Manager Lease Notifications, Designated Entity Reportable Eligibility Event Applications, and Designated Entity Annual Reports Action, Report No. 4174

On June 25, 2008, the Wireless Telecommunications Bureau (WTB) released the above captioned Public Notice.¹ The Public Notice listed as “Consented” nine applications² related to Time Warner’s proposed transfer of control of licenses and authorizations held by Time Warner Incorporated and its subsidiaries to Time Warner Cable.³ In addition, on June 27, 2008, WTB consented to a tenth application that also is related to this Time Warner transaction.⁴

For six of these ten applications, the applicant erroneously responded “No” to Question 3c: “Does this application for Assignment of Authorization or Transfer of Control involve the assignment or transfer of non-wireless licenses/authorizations for which Commission approval or notification is required?” As a result, these six applications appeared as “Consented” in error on the *June 25, 2008 Action Public Notice*. The remaining four applications also received consent in error. Accordingly, these ten applications have been returned to “Pending” status and will be considered with the above mentioned Time Warner transaction as a whole.
