Report No. SAT-00597

Friday April 17, 2009

POLICY BRANCH INFORMATION

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-AMD-20090331-00039 E S2756 New Skies Satellites B.V.
Date Filed: 03/31/2009 14:54:47:47300
Amendment

New Skies Satellites B.V. seeks to amend its pending Petition for Declaratory Ruling, File No. SAT-LOI-20081223-00238, that requests extended C-band operation for its NSS-9 space station to and from the United States from the 177° W.L. orbital location. The amendment consists of a revised frequency channel plan for certain transponders on the space station, with no change to the overall frequency bands to be used.

SAT-MOD-20080904-00165 E S2115 Globalstar Licensee LLC
Date Filed: 09/04/2008 20:54:31:23300
Modification

Globalstar Licensee LLC requests modification of its 1.6/2.4 GHz Mobile-Satellite Service space-station license to authorize launch, operation, and end-of-life disposal of up to 48 second-generation non-geostationary-orbit satellites.

SAT-MPL-20090331-00040 E S2756 New Skies Satellites B.V.
Date Filed: 03/31/2009 14:55:46:23600
Modification to PDR/PPL

New Skies Satellites B.V. seeks to modify the Permitted List entry for the NSS-9 satellite in the conventional C-band at 177° W.L., File No. SAT-PPL-20080811-000152, granted February 10, 2009, to reflect a revised frequency channel plan for certain transponders on the satellite, with no change to the overall frequency bands to be used.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
