The Cow Jumped Over the U.S.D.A.

1/7/2004 8:14:24 AM - [ERIC SCHLOSSER](#)

Alisa Harrison has worked tirelessly the last two weeks to spread the message that bovine spongiform encephalopathy, or mad cow disease, is not a risk to American consumers. As spokeswoman for Agriculture Secretary Ann M. Veneman, Ms. Harrison has helped guide news coverage of the mad cow crisis, issuing statements, managing press conferences and reassuring the world that American beef is safe. The background is a solid dark blue color with several large, overlapping black geometric shapes. These shapes include triangles, rectangles, and irregular polygons, some of which are tilted or rotated, creating a dynamic, abstract pattern. The shapes vary in opacity and size, with some appearing as sharp, dark outlines and others as more solid, layered blocks.
