RFQ# 09000031 for Annual Financial Statement Audit Support Services is hereby being amended to correct the following:

Previously Submitted question and answer that was addressed in amendment A0003:

- (1) Question: *"Section D, Evaluation Factors (p.44). This section states that Evaluation Factor III is price. However, there is no information about how price will be evaluated on the following pages. Are there any specific requirements for this section (other than those provided in Section B)?"*

Answer: "As this is a labor hour contract, final price will not be determined until contract completion. In the context of the evaluation criteria, price refers to the hourly labor rates. This factor is not assigned a score and will only be evaluated in the event competing proposals receive the same technical scores. In that event, labor rates would be considered with all of the other evaluation criteria in making a selection. Again, price-hourly rates-is not the primary consideration."

Revised Response to the question:

The aforementioned answer is hereby deleted in its entirety. The revised answer is as follows: Price will be evaluated based on each offeror's total proposed price for the base period and option years combined, considering the offeror's proposed fixed labor rates, level of effort, and mix of labor. Proposed prices will be evaluated for price reasonableness. Page 44 of the RFQ is revised to include the following; the Government will evaluate proposals based on the following evaluation factors listed in descending order of importance.

- (1) Factor I - Technical Capability
- (2) Factor II - Past Performance and Independence and Quality Control
- (3) Factor III - Price

Note: Factor I is more important than Factor II; Factor II is more important than Factor III;

- (2) Final proposals due date has been extended and are due on Thursday, April 2, 2009 at 10:00 a.m. EST. All submittals should be sent via email to eProposals@fcc.gov. Please reference RFQ # 09000031.
