August 5, 1998

Mr. Rich Yalen, CEO
Cable and Wireless USA
8219 Leesburg Pike
Vienna, VA 22182

Dear Mr. Yalen:

Cable and Wireless has been a member of the North American Numbering Council (NANC) since its inception. CWI's has attended only two of the last ten NANC meetings and twelve of twenty-seven meetings overall.

NANC has adopted the following policy with respect to attendance at its meetings:

- The NANC member or designated alternate should be present at each NANC meeting.
- If for some good reason neither the member nor the alternate can be present, the Chairman or Federal Official should be notified.
- Failure to attend at least 75% of the meetings in any six-month period will result in reconsideration of continuation of membership.

I am writing you because previous correspondence concerning this matter has not been answered.

In order for NANC to represent fully the broadest cross-section of its constituency, it is necessary that members regularly attend.

Please let me know before August 18 about CWI's desire to continue NANC membership. I can be reached at the address above or via e-mail to ahasselw@frontiernet.net.

Thank you for your consideration of this request.

Sincerely,

Alan C. Hasselwander
Chairman
North American Numbering Council
