

February 29, 2016

Salt River Project Agricultural
Improvement and Power District
PO Box 52025
Phoenix, AZ 85072-2025

Pursuant to 47 C.F.R. § 27.607 and the Wireless Telecommunications Bureau's February 1, 2016 Public Notice, DA 16-100, Salt River Project Agricultural Improvement and Power District ("SRP") hereby submits the following Guard Band Manager's Annual Report:

1. The call signs and market areas are:
 - WPRR319 MEA158 Channel Block A
2. The total number of spectrum lessees:
 - As of January 1, 2016, there were no spectrum lessees.
3. The amount of spectrum being used pursuant to spectrum lease agreements:
 - As of January 1, 2016, none of the spectrum was being used pursuant to spectrum lease agreements.
4. The nature of customers' spectrum use:
 - As of January 1, 2016, the licensee had no customers.
5. The length of the term of each spectrum lease agreement, and whether the agreement is a spectrum manager lease agreement, or a *de facto* transfer lease agreement:
 - As of January 1, 2016, there were no spectrum lease agreements in place.

As described above, as of January 1, 2016, SRP, had no spectrum leases, customers or operations on its licensed 700 MHz guard band spectrum. As a result of the Federal Communications Commission's modification of the rules relating to the 700 MHz spectrum bands and the lack of available equipment for commercial use at this time, SRP is unable at this time to predict precisely when it will have agreements in

Memorandum

place for the use of the spectrum, or when equipment will be available. SRP is currently in the process of

working with several equipment manufacturers to obtain information and proposals along with lab testing of prototype components. The following is a high level breakdown of events as they pertain to the 700 MHz guard band spectrum:

Task Name	Start	Finish
Pilot Program	Mon 8/22/16	Wed 11/9/16
Network Infrastructure Deployment Phase I	Thu 12/8/16	Mon 10/16/17
Network Infrastructure Deployment Phase II	Fri 7/7/17	Mon 4/30/18
