

WhiteSpace Alliance™

Enabling access to WhiteSpace Spectrum & Technology

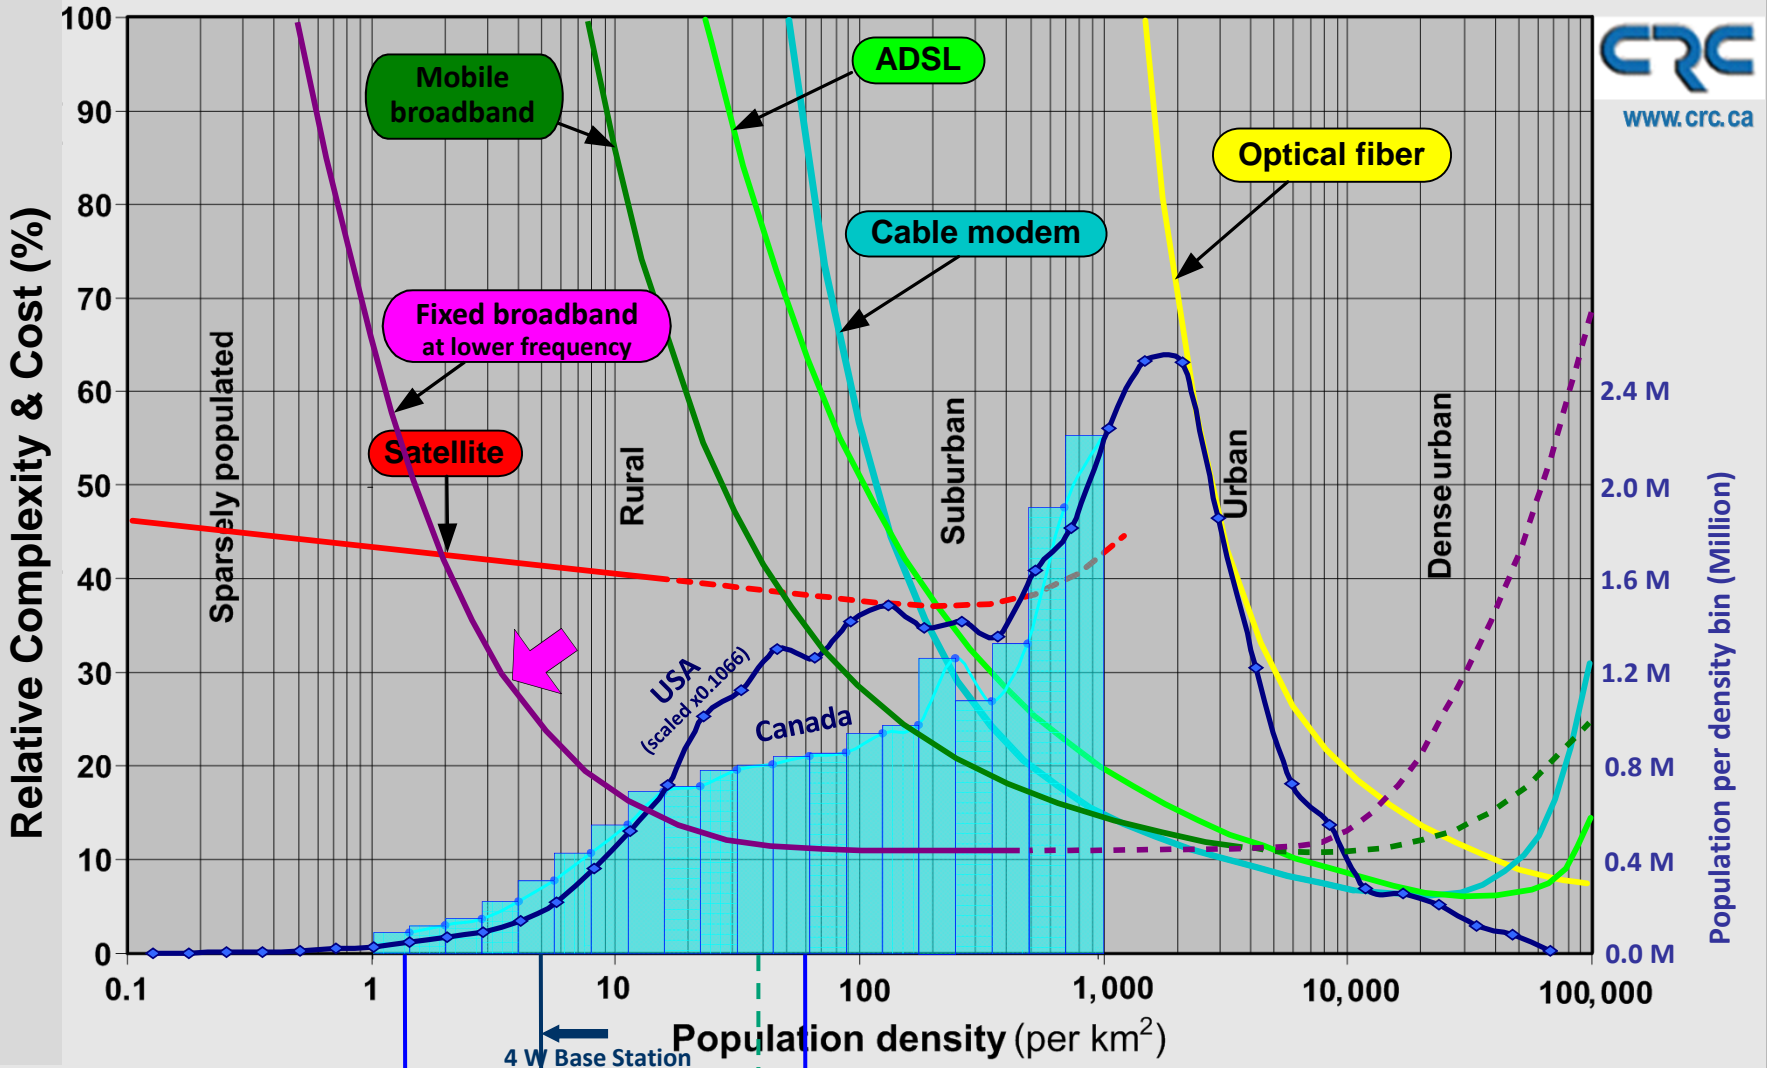

www.WhiteSpaceAlliance.org

Dan Lubar, External Affairs Director

One driver of today's workshop?

- <http://fcc.gov/encyclopedia/technological-advisory-council>
- April 22, 2011, TAC's "Chairman's Report" had "**Promote Small Cell Deployment**" as the last of 8 recommendations
- "Accelerating [small cell] deployment would meet growing market demand for mobile broadband in dense, urban areas and potentially create new employment for design, installation, and operation of wireless systems."

Relative Cost & Complexity of various Broadband Technologies for service delivery in Dense Urban to Rural locations

Spectrum Policy is Evolving..
