Provide a statement identifying with specificity all activities, programs, and organizations for whose benefit your state, or political subdivision thereof, has obligated or expended funds collected for 911 or E911 purposes and how these activities, programs, and organizations support 911 and E911 services or enhancements of such services.**

The Statewide 911 Board expended funds as follows:

1. to pay the board's expenses in administering this chapter and to
2. develop, operate, and maintain a statewide 911 system.

The Statewide 911 system is the public safety ESInet operated on behalf of the board by an independent contractor. The public safety ESInet receives all wireless 911 calls from every carrier and routes the call to the appropriate PSAP. The network is also used for Text to 911 Services.

The Statewide 911 Board distributes funds to the county auditor in each of the 92 counties. The counties fiscal body (county council) has the statutory authority for the appropriation of funds. The executive branch (county commissioners) have the statutory authority to approve claims for payment from the appropriated funds.

IC 36-8-16.7-38 (see 2a above) restricts the use of the 911 funds at the local level.
