

FCC Midwest Rural Tour: Minnesota and Wisconsin

Federal Communications Commission officials will be here to answer your questions and help address telecommunication issues you may have. This includes questions such as:

- Are you getting too many illegal unwanted robocalls at all hours of the day and night?
- Are you receiving scam calls?
- Is your phone bill confusing and seemingly written in some other language?
- How can you be sure not to lose your favorite television stations after the upcoming broadcast transition?
- How do you make your voice heard regarding telecommunications and broadcasting issues?

This is a great opportunity to meet with representatives from the FCC.
