

# COMPUTER MATCHING AGREEMENT

## BETWEEN

NEVADA DEPARTMENT OF HEALTH AND HUMAN SERVICES, DIVISION OF  
WELFARE AND SUPPORTIVE SERVICES

## AND

UNIVERSAL SERVICE ADMINISTRATIVE COMPANY AND THE FEDERAL  
COMMUNICATIONS COMMISSION

### I. INTRODUCTION

This document constitutes an agreement between the Universal Service Administrative Company (USAC), the Federal Communications Commission (FCC), and the Nevada Department of Health and Human Services, Division of Welfare and Supportive Services (DWSS) (each individually referred to as “Party” and collectively as “Parties”). The purpose of this agreement is to comply with the Computer Matching and Privacy Protection Act of 1988 (CMPPA), Public Law 100-503, 102 Stat. 2507 (1988), which was enacted as an amendment to the Privacy Act of 1974 (Privacy Act), 5 U.S.C. § 552a; the Federal Information Security Modernization Act of 2014 (FISMA), 44 U.S.C. § 3551, *et seq.*, as amended; related National Institute of Standards and Technology (NIST) guidelines, which provide the requirements that the federal government must follow regarding use, treatment, and safeguarding of data; and Office of Management and Budget (OMB) Guidelines pertaining to privacy, information security, and computer matching.

#### A. Title of Matching Program

The title of the matching program as reflected in this agreement and as it will be reported by the FCC and the OMB is as follows: “Federal Telecommunications Benefit Computer Matching Agreement with Nevada Department of Health and Human Services, Division of Welfare and Supportive Services.”

The program for matching USAC Data, as defined herein, with the DWSS SNAP and Medicaid data pursuant to this agreement will be referred to as “Matching Program”. This agreement will be referred to as “Computer Matching Agreement”, “CMA” or “Agreement”.

## **B. Matching Agencies**

1. Source Agency: DWSS
2. Recipient Agencies: FCC and USAC

## **II. PURPOSE AND LEGAL AUTHORITIES**

### **A. Purpose**

The results generated by this CMA will serve as one of several data points to verify eligibility of applicants to and subscribers of the federal Emergency Broadband Benefit (EBB) program or other Federal programs that use qualification for Lifeline as an eligibility criterion (collectively, Federal Telecommunications Benefit (FTB) programs)<sup>1</sup> using the National Lifeline Eligibility Verifier and to further the integrity of the FTB programs. This CMA seeks to ensure that applicants to and subscribers in FTB programs are eligible to receive the FTB benefits provided for by statute.

An eligibility determination is accomplished by matching certain data from USAC (referred to herein as “USAC Data”) with the DWSS Supplemental Nutrition Assistance Program (SNAP) and Medicaid data. USAC Data shall be limited to the following information from a FTB subscriber or prospective FTB subscriber: last name, date of birth, and last four digits of the social security number (SSN). Through USAC’s processes, it shall be solely responsible for obtaining and retaining consent from FTB subscribers and potential FTB subscribers to share the USAC Data with DWSS.

Consistent with the terms of this Agreement, USAC shall transmit the USAC Data to DWSS and DWSS shall confirm with an affirmative or negative confirmation as to whether the FTB program applicant currently enrolled in SNAP and Medicaid based upon the USAC Data provided. DWSS will utilize SNAP and Medicaid data to provide responses based on the USAC Data. USAC and DWSS will exchange the data described herein using a secured file delivery system as explained in the Information Security Agreement at Section 2(e). This Matching Program process is explained in further detail in section IV.B of this Agreement.

### **B. Legal Authorities**

The CMPPA establishes procedural requirements for agencies to follow when engaging in computer-matching activities.

---

<sup>1</sup> Federal Telecommunication Benefit (FTB) programs, as used in this Agreement, does not include Lifeline, which is the subject of a separate computer matching agreement.

## **1. FCC and USAC**

The FCC has designated USAC as the permanent Administrator of the federal Universal Service Fund (USF) support mechanisms, 47 C.F.R. §§ 54.701-717. Under the Consolidated Appropriations Act, 2021, Pub. L. No. 116-260, 134 Stat. 1182 (Consolidated Appropriations Act or Act), USAC administers the EBB program consistent with the FCC's rules contained in Part 54 of the Code of Federal Regulations, orders, written directives, and other instructions promulgated by the FCC or its bureaus and offices and other laws as applicable. Any records USAC creates pursuant to this authority are FCC records. Because the FCC is an agency under the Privacy Act, 5 U.S.C. § 552a(a)(1), the FCC's records that are part of a "system of records," as that term is defined at 5 U.S.C § 552a(a)(5), are subject to the Act.

USAC may collect and verify eligibility of FTB program subscriber data under the Act and applicable FCC orders, rules and regulations.

## **2. DWSS**

The DWSS is responsible for the oversight and supervision of the SNAP under Chapter 422A of the Nevada Revised Statutes (NRS) and Medicaid under Chapter 422 of the NRS. The DWSS maintains the case records and confidential personally identifiable information (PII) of individual applicants and recipients for SNAP and Medicaid. No PII maintained by DWSS is transmitted to USAC pursuant to this Agreement. DWSS will not release any information from a recipient's case record beyond the binary yes/no response described in section IV.B. of this Agreement. The applicable statutory provisions for confidential records of recipients of public assistance and for establishing the custody and use of those records are NRS 422A.342 and NRS 422.2749. The applicable statutory provision defining "personal information" in Nevada is NRS 603A.040. The USAC Data does not qualify as "personal information" pursuant to Nevada law.

## **III. JUSTIFICATION AND EXPECTED RESULTS - COST BENEFIT ANALYSIS**

### **A. Justification**

The FCC has directed USAC to develop and implement the National Lifeline Eligibility Verifier (National Verifier), including the National Lifeline Eligibility Database. The National Verifier will be used to determine eligibility for and enroll eligible individuals into FTB programs. DWSS administers SNAP and Medicaid, which are qualifying eligibility programs for the FTB program.

## **B. Expected Results - Cost-Benefit Analysis**

USAC anticipates that computer matching will verify the eligibility of FTB program subscribers and help prevent ineligible individuals from entering FTB programs. This Agreement and related processes will also reduce administrative costs for processing and provide increased protection for consumer personal information.

## **IV. DESCRIPTION OF THE DATA TO BE EXCHANGED**

### **A. Systems of Records and Estimated Number of Records Involved**

#### **FCC and USAC**

The USAC records shared as part of this CMA reside within the FCC's EBB system of records that the FCC has designated as FCC/WCB-3, as reflected on the FCC's website - <https://www.fcc.gov/managing-director/privacy-transparency/privacy-act-information#systems>. Routine Use No. 18 supports the FCC's disclosures under this Agreement.

The FCC will develop and publish, on its website, system of records notices for any additional FTB programs established by statute.

#### **Records Estimate**

The estimated number of records is subject to the number of individuals who apply for FTB program services.

### **B. Description of the Match**

The match will be based on the USAC Data provided to DWSS, namely the following list of data elements: last name, date of birth and last four digits of the social security number. DWSS will match the USAC Data elements to its SNAP and Medicaid data. There are three scenarios for the DWSS match process, which will be returned to USAC as a Y/N/E response. The scenarios are:

1. Y: Eligible DWSS match – DWSS finds an eligible match in its respective system for the USAC Data provided.
2. N: Ineligible DWSS match – DWSS finds an ineligible match in its respective system for the USAC Data provided.
3. E: No DWSS match – DWSS finds no match, an error, or an unresolvable result in its respective system for the USAC Data provided.

### **C. Projected Starting and Completion Dates**

As described in greater detail in Section XVI, unless provided for otherwise by statute, the Effective Date of this Agreement will be thirty (30) days after the FCC has published notice of the matching program in the Federal Register (FR), provided that the FCC has first provided the proposed matching program report to the Congressional committees of jurisdiction and OMB in accordance with 5 U.S.C. § 552a(o)(2)(A) and (r) and OMB Circular A-108 (Commencement Date). As the federal agency that directs USAC, the FCC shall:

1. Transmit this Agreement to Congress;
2. Provide advance notice to OMB and the appropriate Congressional committees;
3. Publish the Computer Matching Notice in the Federal Register; and
4. Address public comments that may result from publication in the Federal Register.

### **V. NOTICE PROCEDURES**

The Privacy Act requires Agreements to specify procedures for notifying applicants/recipients at time of registration and other periodic notice as directed by the FCC's Data Integrity Board (DIB) (subject to guidance provided by the Director of OMB) to applicants for and recipients of financial assistance or payments under federal benefit programs.

As previously noted in Section IV.A of this Agreement, the FCC has published a new system of records notice for the EBB system of records as reflected on the FCC's website - <https://www.fcc.gov/managing-director/privacy-transparency/privacy-act-information#systems>. Routine Use No. 18 supports the FCC's disclosures under this Agreement. . As described in section IV.C of this Agreement, the FCC will also publish the Matching Notice in the Federal Register to publicly disclose the establishment of this Matching Program. USAC and the FCC will make a copy of this Agreement available to the public upon request and will provide a link to this Agreement on the Privacy Program Page of their respective websites. Contact information for all state employees will be redacted prior to publication in the Federal Register.

### **VI. VERIFICATION PROCEDURES AND OPPORTUNITY TO CONTEST**

#### **A. General**

The Parties acknowledge and agree that this Matching Program is not the sole basis through which a beneficiary's eligibility for the FTB program may be determined. The Privacy Act requires that each agreement specify procedures for verifying information produced in a matching program as required by 5 U.S.C. § 552a(p). This subsection requires agencies to independently verify the information produced by a matching

program and to provide the individual an opportunity to contest the agency's findings before an adverse action is taken against the individual because of the information. Subsequent amendments and regulations allow for an agency to authorize a waiver of independent verification procedures when it finds high confidence in the accuracy of the data. *See* OMB, Final Guidance Interpreting the Provisions of P.L.100-503, the Computer Matching and Privacy Protection Act", 54 Fed. Reg. 25818, 25827-7 (June 19, 1989) (OMB CMPPA Guidance). The process by which USAC will verify information produced by the Matching Program defined in this Agreement is set forth in Section VI.B below.

## **B. Verification Procedures**

1. USAC will be responsible for ensuring that the USAC Data is current and accurate when it is provided to DWSS.
2. DWSS will be responsible for ensuring that it has a high degree of confidence in the DWSS response to the USAC, as set forth in Section XI below.
3. USAC may not deny, terminate, or make a final decision of any benefit to an individual or take other adverse action against such individual solely as the result of the information produced by this Matching Program until an officer or employee of USAC has independently verified such information.
4. This USAC independent verification includes: (1) comparing automated data with USAC's manual files to verify applicant or subscriber identification, and (2) analyzing the confirmed information.
5. Denial of benefits will not be predicated on the result of an initial match between systems. Denial of benefits will be made upon a secondary validation made by a federal employee or designated contractor working in coordination with DWSS regarding the benefit information in the DWSS systems.
6. FTB subscribers and potential subscribers may contest the Matching Program results with USAC only.

## **C. Notice and Opportunity to Contest**

USAC will not terminate, suspend, reduce, deny, or take other adverse action against an applicant for or subscriber to FTB benefits solely based on data disclosed from DWSS records until the individual is notified in writing of the potential adverse action, and provided an opportunity to contest the planned action. "Adverse action" means any action resulting in a termination, suspension, reduction, or final denial of eligibility, payment, or benefit.

USAC agrees to provide such notices in writing, and that such notice will:

1. Inform the individual of the match findings and the opportunity to contest these findings;
2. Give the individual an opportunity to submit, within 30 days, to USAC, documentation to contest the findings and proposed actions prior to making a final determination. The time to contest begins on the date on which notice is mailed or otherwise provided to the individual to respond; and
3. Clearly state that, unless the individual responds to the notice in the required time period, USAC will conclude that the matched data is correct and will effectuate the threatened action or otherwise make the necessary adjustment to the individual's benefit or entitlement.

To enable rapid response and resolution, authorized USAC database users will be provided USAC telephone numbers to call if a dispute occurs. USAC will respond to these calls when reasonably possible, and when requested, in writing.

## **VII. DISPOSITION AND RECORDS RETENTION OF MATCHED ITEMS**

- A. USAC will retain data it receives from DWSS under this Agreement only to the extent required for FCC auditing requirements or for evidentiary reasons, and will then destroy all such data according to the proper records retention schedule.
- B. Although the Parties do not expect DWSS will retain the USAC Data, to the extent DWSS does retain the USAC Data beyond the period necessary to conduct the matching described in Section IV of the Agreement, DWSS will destroy all such data as soon as they have served the Matching Program's purpose.
- C. Any paper-based documentation used to determine whether a record was matched in the other Party's system and any documentation prepared for, provided to, or used to determine final benefit status will be destroyed by shredding, burning or electronic erasure of the information according to proper records retention schedule. Other identifiable records that may be created by each Party during the investigation will be destroyed as soon as they have served the Matching Program's purpose under records retention requirements established with the National Archives and Records Administration (NARA) or under state law, respectively. Destruction will be by shredding, burning or electronic erasure.

## **VIII. SECURITY PROCEDURES**

USAC and DWSS agree to these information security procedures:

## **A. Administrative Safeguards**

USAC will comply with the requirements set forth by the Privacy Act (5 U.S.C. § 552a(o)), the Federal Information Security Modernization Act of 2014 (FISMA), 44 U.S.C. §§ 3551-3559, related OMB circulars and memoranda such as Circular A-130, Managing Federal Information as a Strategic Resource (July 28, 2016), and NIST directives, including any amendments published after the effective date of this Agreement. These laws, directives, and regulations include requirements for safeguarding federal information systems and personally identifiable information used in business processes, and related reporting requirements. Specifically, FISMA requirements apply to all federal contractors, organizations, or entities that possess or use federal information, or that operate, use, or have access to federal information systems on behalf of an agency.

While it is not subject to federal privacy and information security requirements, DWSS will maintain an information security environment comparable to the information security environment required by the federal laws, circulars, memoranda and directives listed in the first paragraph of this subsection. DWSS will provide to USAC and the FCC appropriate documentation that its security and privacy practices are comparable to those required by the federal laws, circulars, memoranda and directives listed in the first paragraph of this subsection. An example of such documentation is the three-year “Authority to Connect Letter” DWSS receives from the Department of Health & Human Services, Centers for Medicare & Medicaid Services (CMS) authorizing DWSS to interconnect with the CMS Federal Data Services Hub (DSH).

USAC and DWSS will restrict access to the data matched and to any data created by the match to only those authorized employees, contractors and officials who need it to perform their official duties for the uses of the data authorized in this Agreement. USAC and DWSS will also notify such authorized users of the civil and criminal sanctions for noncompliance contained in the applicable federal laws.

## **B. Technical Safeguards**

1. USAC and DWSS will process the data matched and any data created by the match under the immediate supervision and control of authorized personnel to protect the confidentiality of the data, so unauthorized persons cannot retrieve any data by computer, remote terminal, or other means.
2. Systems personnel will have to enter personal identification numbers when accessing data on the agencies’ systems. USAC and DWSS will strictly limit authorization to these electronic data areas necessary for the authorized user to perform their official duties. All data in transit will be encrypted using algorithms that meet the requirements of the Federal Information Processing Standard (FIPS) Publication 140-2.

3. Authorized system users will be identified by User ID and password, and individually tracked to safeguard against the unauthorized access and use of the system. System logs of all user actions will be saved, tracked and monitored periodically.
4. USAC will transmit USAC Data to DWSS via encrypted secure file delivery system pursuant to Section 2(e) of the Interconnection Security Agreement. For each request, a response will be sent back to USAC to indicate success or failure of transmission.

### **C. Physical Safeguards**

USAC agrees to maintain and DWSS agrees to process all automated matching records in a secured computer environment that includes the use of authorized access codes (passwords or public key infrastructure (PKI)) to restrict access. Those records will be maintained or processed under conditions that restrict access to persons who need them for official duties related to the matching process. The user's supervisor will ensure that USAC or DWSS are notified when a user has departed or duties have changed so the user no longer needs access to the system, to ensure timely deletion of the user's account and password.

## **IX. INCIDENT REPORTING AND NOTIFICATION RESPONSIBILITIES**

- A. Subject to the limitations set forth in Section VIII.A of this Agreement, DWSS will work in good faith with USAC to report and track incidents in accordance with the most current, final version of Department of Homeland Security and the United States Computer Emergency Readiness Team (US-CERT) guidelines. For the purpose of this Agreement, an incident is defined as "An occurrence that 1) actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system, or 2) constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies." Upon detection of an incident related to this interconnection, the Party experiencing the incident will promptly notify the other Party as provided below:
  - USAC will promptly notify this contact at DWSS simultaneously:
    - Information Security Officer, (775) 684-0710
    - Deputy Administrator (IS), (775) 684-0500.
  - DWSS will promptly notify USAC by sending an email to incident @usac.org to activate USAC's Incident Response Team and notify simultaneously:
    - USAC Privacy Officer, Laurence Schecker, (202) 263-1646
    - USAC Manager of Security Operations, Corey Lutz, (202) 4772-4511.

- As soon as possible after receiving notification of an incident from DWSS, USAC will also report the incident to FCC's Network Security Operations Center (NSOC) at [NSOC@fcc.gov](mailto:NSOC@fcc.gov) or (202) 418-4011.
- B.** If the Party experiencing the incident cannot speak with the other Party's System Security Contacts within one (1) hour, or if contacting the System Security Contact is not practical (e.g., outside of normal business hours), then this contact information shall be used:
- USAC Manager of Security Operations, Corey Lutz, (202) 4772-4511.
  - DWSS Deputy Administrator (IS), (775) 684-0500.
- C.** If USAC experiences a loss of USAC Data provided under this Agreement, USAC will also comply with the PII breach reporting and security requirements set forth by OMB M-17-12, "Preparing and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). Subject to the limitations set forth in Section VIII.A of this Agreement, if DWSS experiences a loss of USAC Data provided under this Agreement, DWSS will work in good faith with USAC to comply with the PII breach reporting and security requirements set forth by OMB M-17-12, "Preparing and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). A breach is the "loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where (1) a person other than an authorized user accesses or potentially accesses personally identifiable information or (2) an authorized user accesses or potentially accesses personally identifiable information for an other than authorized purpose."
- D.** USAC and DWSS agree to notify all the Security Contact(s) listed in this Agreement as soon as possible, but no later than one (1) hour, after the discovery of a breach (or suspected breach) involving USAC Data. The Party that experienced the incident will also be responsible for following its internal established procedures, including:
- Notifying the proper organizations (e.g., United States Computer Emergency Readiness Team (US-CERT), the Information Systems Security Officers (ISSOs), and other contacts listed in this document);
  - Conducting a breach and risk analysis, and making a determination of the need for notice and/or remediation to individuals affected by the loss; and
  - Providing such notice and credit monitoring at no cost to the individuals affected by the loss, if the analysis conducted by the Party having experienced the incident indicates that individual notice and credit monitoring are appropriate.
- E.** In the event of any incident arising from or in connection with this Agreement, each Party will be responsible only for costs and/or litigation arising from a breach of the Party's own systems; USAC is responsible only for costs and litigation associated with breaches

to USAC systems and DWSS is responsible only for breaches associated with DWSS systems. If an incident occurs on the two-way TCP/IP connection between USAC and DWSS and it cannot be determined which Party was at fault, USAC and DWSS will share equally the costs and/or litigation arising from the incident.

USAC and the FCC shall not be liable to DWSS or to any third person for any cause of action arising from the possession, control, or use by DWSS of applicant or subscriber USAC Data, or for any loss, claim, damage or liability, of whatever kind or nature, which may arise from or in connection with this Agreement or using applicant or subscriber USAC Data.

DWSS shall not be liable to USAC or to any third person for any cause of action arising from the possession, control, or use by USAC of applicant or subscriber USAC Data, or for any loss, claim, damage or liability, of whatever kind or nature, which may arise from or in connection with this Agreement or using applicant or subscriber USAC Data. DWSS also shall not be liable for any inadvertent transmission of data by USAC that is not the USAC Data as defined herein.

Nothing in this Agreement shall be construed as a waiver of sovereign immunity against suits by third persons. USAC understands and agrees that DWSS intends to assert available NRS Chapter 41 liability limitations in all cases. Damages for any State breach shall never exceed the amount of funds appropriated for payment under this Agreement.

## **X. RECORDS USAGE, DUPLICATION AND REDISCLOSURE RESTRICTIONS**

USAC and DWSS agree to these restrictions on use, duplication, and disclosure of information furnished by the other Party:

- A.** Absent additional statutory authorization, the records obtained for the administration of this Matching Program, and under this Agreement, will be used to match for the purposes stated under this Agreement and for no other purpose. Unless compelled to do so by law or regulation, USAC and DWSS will not use the data derivatively, or disclose the data internally or externally, without the written consent of all Parties to this Agreement. Information about “non-matching” individuals will not be used or disclosed by either Party for any purpose outside of this agreement and shall be destroyed or returned to the respective Party.
- B.** Records obtained for this Matching Program or created by the match will not be disclosed outside the Party except as may be essential to conduct the Matching Program, or as may be permissible or required by law. Each Party will obtain the permission of the other Party before making such disclosure.
- C.** Data or information exchanged will not be duplicated unless essential to the conduct of the Matching Program (e.g., should the original file become damaged or for back-

up contingency purposes) or compelled by law or regulation. All stipulations in this Agreement will apply to any duplication.

- D. If required to disclose these records to Congress, to a federal, state or local agency, or to a government contractor to accomplish the Matching Program's purpose, each Party will obtain the written agreement of that contractor to abide by the terms of this Agreement; provided, however, that the Parties acknowledge and agree that USAC must provide certain data to the FCC and such disclosures will not fall within the scope of this provision.
- E. USAC and DWSS will not duplicate or create a separate file comprising information regarding those individuals involved in the specific Matching Program except as necessary to monitor the results of the Matching Program.
- F. Each Party will keep an accounting of disclosure from an individual's record as required by 5 U.S.C. § 552a(c) and will make the accounting available upon request by the individual or other Party.
- G. USAC and DWSS employees, contractors, and agents who access, use, or disclose DWSS and/or USAC Data in a manner or purpose not authorized by this Agreement may be subject to civil and criminal sanctions under applicable federal statutes.
- A. The restrictions listed above in this section do not apply to data, information and reports that USAC is required to submit to the FCC to allow the FCC to carry out its oversight duties, including but not limited to, the National Verifier Annual Report required by the *Lifeline and Link Up Reform and Modernization et al.*, WC Docket No. 11-42 et al., Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962, 4021, para. 166 (2016).
- H.

## **XI. RECORDS ACCURACY ASSESSMENTS**

USAC and DWSS attest that they have a high degree of confidence in the information exchanged in the Matching Program, as defined herein.

## **XII. COMPTROLLER GENERAL ACCESS**

The Parties authorize the Comptroller General of the United States (the Government Accountability Office), upon request, to have access to all USAC and DWSS records necessary to monitor or verify compliance with this Agreement, in accordance with 5 U.S.C. § 552a(o)(1)(K). This Agreement also authorizes the Comptroller General to inspect any records used in the matching process covered by this Agreement under 31 U.S.C. § 717 and 5 U.S.C. § 552a(b)(10).

### **XIII. INSPECTOR GENERAL ACCESS**

DWSS and USAC authorize the FCC Office of Inspector General to use results from the data match conducted pursuant to this Agreement for investigation, audits or evaluation matters under the Inspector General Act of 1978, as amended.

### **XIV. REPORT TO CONGRESS**

When the FCC's DIB has approved this Agreement, FCC will submit copies of it to the appropriate Committees of Congress for review, as required by 5 U.S.C. § 552a(o)(2)(A)(i).

### **XV. EXPENSES OF EACH PARTY**

The Parties agree and acknowledge that DWSS participates in the Matching Program as described in Section IV of this Agreement without charge to government agencies and other entities engaged in providing services to residents of Nevada. Because the FTBe program is engaged in providing access to telephone and broadband services to residents of Nevada, DWSS participates in the Matching Program as described in Section IV of this Agreement without charge.

Each Party will be responsible their own expenses it may incur in connection with the preparation, negotiation, and execution of this Agreement and performance of the activities described in this agreement, and no party shall be liable to any other party for such expenses.

This Agreement is not a basis for the transfer of funds. To the extent that future activities conducted in accordance with this Agreement would require the obligations of funds and/or reimbursement of one or more of the Parties, a separate agreement must be executed as appropriate.

### **XVI. DURATION OF AGREEMENT**

#### **A. Effective Date of the Agreement**

Unless otherwise provided for by statute, the Effective Date of this Agreement will be thirty (30) days after the FCC has published notice of the matching program in the FR, provided that the FCC has first provided the proposed matching program report to the Congressional committees of jurisdiction and OMB in accordance with 5 U.S.C. § 552a(o)(2)(A) and (r) and OMB Circular A-108, and upon completion of their advance review period, the FCC has published notice of the matching program in the FR for a thirty (300 day public comment period as required by 5 U.S.C. § 552a(e)(12).

## **B. Renewal of the Agreement**

This Agreement may be extended for one twelve (12) month period upon mutual agreement by both Parties, if the renewal occurs within three (3) months prior to the expiration date of this Agreement. Renewals are subject to the requirements of the Privacy Act, including certification by the Parties to the responsible DIB (as described in Section XVI of this Agreement) that:

- The Matching Program will be conducted without change, and
- The Matching Program has been conducted in compliance with the original Agreement under 5 U.S.C. § 552a(o)(2)(D).

## **C. Termination of the Agreement**

This Agreement shall terminate when the purpose of the computer match has been accomplished, or after eighteen (18) months from the effective date of the Agreement without notice from either party (whichever comes first). This Agreement may also be terminated, nullified, or voided by either USAC or DWSS, if:

- Either Party violates the terms of this Agreement; or
- USAC or DWSS or their authorized users misuse or improperly handle the data provided by the other party; or
- The Parties mutually agree to terminate this Agreement prior to its expiration after 18 months; or
- Either Party provides the other with thirty (30) days written notice.

## **XVII. DATA INTEGRITY BOARD REVIEW/APPROVAL**

The FCC's DIB will review and approve this Agreement prior to implementing this Matching Program. Disapproval by the DIB may be appealed under the in accordance with the procedures set out in 5 U.S.C. § 552a(u)(5). Further, the FCC's DIB will perform an annual review of this Matching Program. USAC agrees to notify the Chair of the FCC DIB of any changes to or termination of this Agreement.

This Agreement may be modified only by mutual consent of the Parties and approval of the FCC DIB. Any modifications must be in writing and satisfy the requirements of the Privacy Act and the requirements set forth in the OMB CMPPA Guidance.
