**VIA CERTIFIED MAIL – RETURN RECEIPT REQUESTED**

May 29, 2007

Donald R. Ellis  
913 N St Paul Avenue  
Sioux Falls, SD 57103

**RE: Warning Notice: Amateur Radio License KB0TVP**

Dear Mr. Ellis:

The licensees of the WOMXW and KORGR repeater systems have requested in writing that you refrain from use of the repeaters. The letter was issued as a result of your failure to follow operational rules set forth by the licensee/control operators of the repeater systems for their users. You were previously requested verbally to refrain from using the system, but have apparently ignored both verbal and written requests.

The Commission requires that repeaters be under the supervision of a control operator and not only expects, but requires, such control operators and licensees to be responsible for the proper operation of the repeater system. Control operators may take whatever steps are appropriate to ensure compliance with the repeater rules, including limiting the repeater use to certain users, converting the repeater to a closed repeater or taking it off the air entirely.

Please be advised that we expect you to abide by the request to stay off the WOMXW and KORGR repeaters and any other such request by a repeater licensee, control operator or trustee. **If you use the repeaters again after receipt of this letter, we will initiate enforcement action against your license, which may include revocation, monetary forfeiture (fine) or a modification proceeding to restrict the frequencies on which you may operate KB0TVP.** Also please be advised that use of the output frequency of the repeaters to interfere with their operation would be considered deliberate interference. There are numerous frequencies available to you for simplex operation.

Additionally, allegations of interference by you to the Olmstead County EOC repeater, W0EAS, will be the subject of a separate inquiry.

Please call me at 717-338-2502 if you have any questions about this matter.

Sincerely,

W. Riley Hollingsworth  
Special Counsel

cc: FCC Northeastern Regional Director
