**SUBJECT: WARNING NOTICE - UNLICENSED RADIO OPERATION**  
**Case #EB-2007-2954**

Dear Sir:

Information before the Commission indicates that two of your drivers have been operating radio equipment without a license on 28.085 MHz and causing interference to licensed stations in the Ten Meter Amateur Band.

The drivers were observed operating on September 21, 2006 at 4:45 PM in tractors displaying the numbers 2069 (hauling trailer #30877) and 2079 (hauling trailer # 30937). A letter bringing this matter to your attention was issued to your Two Notch Road address in Lexington, SC on December 6, 2006, but was returned as "undeliverable." A copy of that letter is enclosed.

Please advise your drivers that operation of radio transmitting equipment without a license is a violation of Section 301 of the Communications Act of 1934, as amended, 47 U.S.C. Section 301, and will subject them to fine or imprisonment, as well as an *in rem* seizure of any non-certified radio transmitting equipment, in cooperation with the United States Attorney for your jurisdiction. **Monetary forfeitures normally range from \$7,500 to \$10,000.**

You are requested to contact me at 717-338-2502 to discuss this matter.

Sincerely,

W. Riley Hollingsworth  
Special Counsel
