**RE: Amateur license W6JSI repeater operations; Case #EB-2006-2712**

Dear Mr. Stouffer:

Enclosed is a complaint from the licensee of coordinated repeater WB6HTS alleging that your K6JSI repeater is operating without coordination and causing interference to WB6HTS on 449.080 MHz. The complaint indicates that you have been contacted about this problem but have declined to address it.

Section 97.205 of the Commission's rules, 47 C.F.R. § 205, states that where there is interference between a coordinated and an uncoordinated repeater, "the licensee of the uncoordinated repeater has primary responsibility to resolve the interference". Section 308(b) of the Communications Act of 1934, as amended, 47 U.S.C. Section 308(b), gives the Commission the authority to request information from a licensee regarding the operation of a radio station. Accordingly, you are requested to respond to this letter within 20 days from the above date, furnishing the following information.

- 1). Is your repeater K6JSI coordinated for operation at 440 MHz? If so:
  - a). Furnish a copy of the coordination document.
  - b). State the circumstances, if any, under which you are operating the repeater in a manner not consistent with the coordination, including changed location or power.
- 2). If your repeater K6JSI is not coordinated, or if it is coordinated but is not being operated in accordance with the coordination, state what, if any, action you have taken to obtain coordination.
- 3). Have you received complaints regarding the operation of the K6JSI repeater on the 440 MHz band? If so:
  - a). State the details of the complaints, if they were oral, and state what action, if any, you took to resolve them.
  - b). If the complaints were in writing, state what action, if any, you took in response to the complaints and furnish a copy of each complaint.
- 4). Describe in detail the configuration of the K6JSI repeater system, including all sites, links and addresses, using diagrams where necessary. Detail any changes in location since the coordination, if any,

was issued.

We are required to advise you that Congress has made punishable a willfully false or misleading reply to a letter of this type. See Title 18, § 1001 of the United States Code. The information you submit will be used to determine what, if any, action to take in this matter.

Sincerely,

W. Riley Hollingsworth  
Special Counsel

Enclosure
