**SUBJECT: Warning Notice - Amateur Radio license N9OVR; Case #EB-2007-3004**

Dear Mr. Maldonado:

By letter dated March 16, 2007 (copy enclosed), we notified you that monitoring information before the Commission indicates that on numerous occasions you have communicated with unlicensed stations, used a false call sign, and transmitted recordings of communications of other operators in order to interfere with ongoing communications. Our March 16, 2007 letter was sent pursuant to Section 308(b) of the Communications Act of 1934, as amended, 47 U.S.C. § 308(b), and required you to furnish specified information regarding three issues.

The March 16, 2007 letter required a response within 20 days of receipt, and directed you to support your response with a signed and dated affidavit or declaration under penalty of perjury, verifying the truth and accuracy of the information submitted in your response. Your undated letter received April 16, 2007 was unsigned and furnished none of the information requested.

We are affording you an additional 20 days to furnish the information requested. You are again reminded that failure to respond appropriately to this letter of inquiry may constitute a violation of the Communications Act and our rules.<sup>1</sup> We note that your license for N9OVR expires on April 8, 2008. Renewal will not be routinely granted unless this matter is resolved.

Sincerely,

W. Riley Hollingsworth  
Special Counsel
