VIA CERTIFIED MAIL – RETURN RECEIPT REQUESTED

Subject: Amateur Radio license KB1CQX: WARNING NOTICE

Dear Ms. Spenlinhauer:

The trustees of the N1KMA, N1VAR, KQ1L and the repeaters operating under the WA1ARN call sign have requested in writing that you refrain from use of the repeater. The requests were issued as a result of your failure to follow operational rules set forth by the licensee/control operators of the repeater system for its users and FCC rules. You were previously requested verbally to refrain from using the system, but have apparently ignored both verbal and written requests.

The Commission requires that repeaters be under the supervision of a control operator and not only expects, but requires, such control operators and licensees to be responsible for the proper operation of the repeater system. Control operators may take whatever steps are appropriate to ensure compliance with the repeater rules, including limiting the repeater use to certain users, converting the repeater to a closed repeater or taking it off the air entirely.

Please be advised that we expect you to abide by the request to stay off the above repeater systems and any other such request by a repeater licensee, control operator or trustee. If you use the repeaters again after receipt of this letter, we will initiate enforcement action against your license, which may include revocation, monetary forfeiture (fine) or a modification proceeding to restrict the frequencies on which you may operate KB1CQX. Fines normally range from \$7,500 to \$10,000.

Additionally, we note that your license expiration date is April 7, 2008. Please be advised that your license will not be routinely renewed unless this matter is resolved.

Sincerely,

W. Riley Hollingsworth
Special Counsel
