Re: Enhanced ACAM, WC Docket 10-90

Dear Ms. Dortch,

In accordance with the Wireline Competition Bureau's Public Notices announcing and correcting the Enhanced A-CAM Offer, TDS Telecommunications Corporation (TDS Telecom), on behalf of its incumbent local exchange carrier affiliates, herein accepts the Enhanced A-CAM offer as presented in Report 1.1 released on August 30, 2023, and corrected September 21, 2023,¹ and commits to satisfy the service obligations associated with that Enhanced A-CAM offer, as corrected, including the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations. TDS Telecom makes this election for the following states:

Alabama	Idaho	Mississippi	South Carolina
Arizona	Indiana	New Hampshire	Tennessee
California	Kentucky	New York	Vermont
Colorado	Maine	Oklahoma	Virginia
Florida	Michigan	Oregon	Washington
Georgia	Minnesota	Pennsylvania	Wisconsin

With respect to the technology it will use to meet its Enhanced ACAM obligations, TDS Telecom intends to expand the reach of its fiber-to-the-home networks and extend the reach of fiber within hybrid fiber and copper networks to support fast and reliable experiences consistent with the goals of the Enhanced A-CAM program. TDS Telecom appreciates this opportunity to expand the availability of high-quality, high-speed broadband service within our communities.

Respectfully submitted,

Jim Butman
President and CEO
