**Re: Enhanced A-CAM Election Letter
Lincolnville Telephone Company 130745**

To Whom It May Concern:

Lincolnville Telephone Company (Lincolnville or Company) Provider ID 130745, hereby submits this letter to indicate that it will elect the Enhanced Alternative Connect America Model (Enhanced A-CAM) support in Study Area Code 100003 in Maine.

The Federal Communications Commission's Wireline Competition Bureau (Bureau) released a Public Notice instructing rate-of-return carriers electing EA-CAM to file a letter via email by September 29, 2023 confirming that it "elects the Enhanced A-CAM support amount as specified in Report 1.1 released on August 30, 2023, and commits to satisfy the specific service obligations associated with that amount of model support, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations."¹ Subsequent to the release of the Enhanced A-CAM Election PN, the Bureau released revised versions of the offers in updated reports entitled "Enhanced A-CAM – A-CAM 2.6.0 – Report Version 2, Report/Tables 2.1 through 2.5."²

The Company hereby commits to satisfying the specific service obligations associated with that amount of model support that it is eligible to receive in Maine, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations. The location totals and specific service obligations for each type of location are specified in the Excel workbook entitled "Enhanced A-CAM – A-CAM 2.6.0 – Report Version 2, Report/Tables 2.1 through 2.5." The

amount the Company intends to elect is identified in Report/Table 2.1. According to the Enhanced A-CAM Order, the Bureau will determine the exact set of locations that must be served “based on the Fabric, the Broadband Data Collection, and further deduplication of enforceable commitments” and “may make adjustments, by no later than the end of 2025.”³ Accordingly, the commitment made above encompasses the exact set of locations and any adjustment in support that will ultimately be determined by the Bureau pursuant to this “true-up” process. The Company hereby acknowledges that among those adjustments will be the elimination of locations for which the Company’s offer lists as “required locations” that are funded by the Maine Connectivity Authority (MCA) “Reach ME” grant that was “officially awarded” by the MCA to the Company on April 21, 2023 and thus creates an “enforceable commitment” for the Company to serve those locations under the Reach ME grant program.

The Company hereby notifies the Bureau that it intends to use fiber-to-the-premises technology to meet its Enhanced A-CAM deployment obligations.

Please contact the undersigned with any questions on the Company’s Enhanced A-CAM election described herein.
