Re: *Wireline Competition Bureau Announces Enhanced Alternative Connect America Cost Model Support Amounts Offered to Rate-Of-Return Carriers to Expand Rural Broadband, Public Notice DA 23-779.*

This letter is to notify the Wireline Competition Bureau that The Ottoville Mutual Telephone Company ("Ottoville Mutual"), SAC 300650, a rate-of-return ILEC participating in Legacy support, hereby elects Enhanced A-CAM support as specified in Report 1.1 referenced in Public Notice DA 23-779, released August 30, 2023, and available at <https://docs.fcc.gov/public/attachments/DOC-396477A1.xlsx>.

Ottoville Mutual further commits to satisfy the specific service obligations associated with that amount of model support, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations. Ottoville Mutual plans to deploy fiber-to-the premises (FTTP) using G-PON or equivalent technology to all required locations.

Ottoville Mutual has concurrently notified the National Exchange Carrier Association of its election of Enhanced A-CAM support and that it will exit the common line pool as required by the terms of the Enhanced A-CAM offer.

If there are any questions regarding this Enhanced A-CAM election letter, please contact me via email at tomtc@bright.net or via telephone at 419-453-3324. I certify that I am an officer of Ottoville Mutual and am authorized to make this election on its behalf.

Sincerely,

James Altenburger
President
