**Re: Enhanced A-CAM Election Letter
Vermont National Telephone Company, Inc. Provider ID 131426**

To Whom It May Concern:

Vermont National Telephone Company, Inc. Provider ID 131426 (the “Company”), hereby submits this letter to indicate that it will elect the Enhanced Alternative Connect America Model (Enhanced A-CAM) support in Study Area Code 147332 in Vermont.

The Federal Communications Commission’s Wireline Competition Bureau (Bureau) released a Public Notice instructing rate-of-return carriers electing EA-CAM to file a letter via email by September 29, 2023 confirming that the carrier “elects the Enhanced A-CAM support amount as specified in Report 1.1 released on August 30, 2023, and commits to satisfy the specific service obligations associated with that amount of model support, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations.”¹

The Company hereby commits to satisfying the specific service obligations associated with that amount of model support that it is eligible to receive in Vermont, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations. The Company hereby notifies the Bureau that it intends to use fiber, fixed wireless or hybrid fiber/fixed wireless to meet its Enhanced A-CAM deployment obligations. The Company is a parent holding company, whose
