Re: Election for Partner Communications Cooperative
Public Notice DA 23-779, released August 30, 2023

Dear Mr. Wang,

By this letter, Partner Communications Cooperative, Study Area Code 351187, accepts the Commission's offer of Enhanced Alternative Connect America Cost Model (Enhanced A-CAM) Version 2.6.0, support in the amount of \$1,699,290 annually for 15 years, as specified in Report 1.1 at the \$350 per location funding cap, and with resulting build-out obligations as presented in FCC WCB Public Notice DA 23-779, released August 30, 2023. Partner Communications Cooperative commits to satisfy the specific service obligations associated with that amount of model support, including both the deployment of 100/20 Mbps or faster service to all required locations and the maintenance of 100/20 Mbps or faster service to currently served locations.

The technologies Partner Communications Cooperative plans to use to meet their Enhanced A-CAM deployment obligations are: XGSPON fiber to the premises network as well as Active Ethernet Fiber to the premises network.

Sincerely,

A handwritten signature in black ink that reads "Arthur Cooper". The signature is written in a cursive, flowing style.

Arthur Cooper
President
