

2022 Cable Service Price Survey Questionnaire FCC Form 333

A. Community
Community

The information in entries A1 through A3 below has been imported from the Cable Operations & Antenna (COALS) database. Please review this data and make any necessary corrections.

A1. 6-digit community unit identification (CUID)	
A2. Name of the community associated with this CUID	
A3. Name of county in which the community is situated	
A4. List one of the 5-digit Zip Codes in this community	

Some questions ask for two years of information (Jan. 1, 2021 and Jan. 1, 2022):

A5. Did you operate a video service in this community on 1/1/2022? (yes/no)	
---	--

System The information in entries A6 through A8 has been imported from the [Cable Operations & Antenna \(COALS\)](#) database. Please review the data and make any necessary corrections. If the name of the system or the address is incorrect, you should also make changes/corrections directly into the COALS system.

A6. Name of cable system	
A7. Street address and/or P.O. Box	
A8. City, State and Zip Code	

Parent Company

A9. Name of ultimate parent entity	
A10. Name of survey contact person	
A11. E-mail address of contact person	
A12. Area Code & telephone number	
	1/01/2022
A13. Number of video subscribers nationwide of parent entity	

Certification

I certify that I have examined this report and all statements of fact herein are true, complete, and correct to the best of my knowledge, information, and belief, and are made in good faith. Willful false statements made on this form are punishable by fine and/or imprisonment (US Code, Title 18, Section 1001) and/or forfeiture (US Code, Title 47, Section 503).

A14. Name	
A15. Title	
A16. Date	

Local Broadcast Stations and Retransmission Consent Fees

The next questions refer to local broadcast stations that your cable system carries. The questions are required by Congress and refer to retransmission consent fees paid to broadcasters. Please provide information at the community level or the smallest system level at which records are kept. Below are several terms you'll need to understand to answer the questions.

Cable systems carry local broadcast stations under either retransmission consent agreement or must-carry rights. Under retransmission consent, any cable operator that offers a station to its subscribers must pay retransmission consent fees to the station or obtain another agreement allowing it to carry the station. Under must-carry rights, the cable operator must provide the station to its subscribers but the station cannot require fees.

A broadcast station is identified by its call sign; e.g. WXYZ. It is important to note, however, that one broadcast station may transmit multiple channels. For example, in addition to WXYZ's primary channel of network programming (e.g. CBS network), WXYZ may transmit multiple multicast sub-channels (e.g. WXYZ-DT2 and WXYZ-DT3) which your cable system carries on separate channels. A multicast sub-channel often shows a different network (e.g. QUBO, Comet, MeTV, etc.) than the primary channel. Multicast sub-channels are often identified in the channel lineup by network name, and not always by call sign. To answer these questions, you'll need to find out which channels in your channel lineup are multicast sub-channels of broadcast stations.

Local Broadcast Stations*	1/1/2021	1/1/2022
A17. How many stations were carried under retransmission consent agreement?		
A18. How many stations were carried under must-carry rights?		
Multicast Sub-channels**	1/1/2021	1/1/2022
A19. For the stations carried under retransmission consent agreement, how many multicast sub-channels were carried?		
A20. For the stations carried under must-carry rights, how many multicast sub-channels were carried?		

*In the example above, WXYZ would count as one station under either A17 or A18, depending on its retransmission consent/must-carry status, regardless of whether the station is carried in both SD and HD.

** In the example, WXYZ has two multicast sub-channels, WXYZ-DT2 and WXYZ-DT3.

	2020	2021
A21.Total annual amount paid to local broadcasters in retransmission consent fees*	\$0.00	\$0.00
A22. Number of subscribers subject to retransmission consent fees**		
Average Annual Fees per Subscriber (A21/A22; automatically calculated)	\$0.00	\$0.00

* Do not include other fees paid to broadcasters such as copyright royalties.

** If subscriber counts are available at the monthly level, report average monthly subscribers under retransmission consent agreement in each year.

Number of Local Broadcast Channels by Standard and High Definition

Number of Local Broadcast Channels	1/1/2022
A23. How many primary channels of local broadcast stations are carried with basic service? (If channel is shown in both SD and HD, count only once.)	
A24. How many multicast sub-channels of broadcast stations are carried in your channel lineup with any programming service (do not include the primary channel reported above) (if channel is shown in both SD and HD, count only once.)?	

Section B. Prices, Channels, and Subscribers Cable Service Tiers

Basic Service

Basic service is the entry level video (cable) TV programming service that subscribers can purchase. Typically, basic service is a "limited basic" which consists only of local broadcast channels; any public, educational, and governmental access channels; and sometimes a few national and/or other channels. In contrast to "limited basic", some operators only offer a "bundled basic" with many popular national networks that other operators might offer separately as expanded basic service. For operators who do not offer limited basic, the bundled basic should be reported as both the basic service and the expanded basic service. Whether limited basic or bundled, basic service is the entry level service that is required for all customers.

	1/01/2021	1/01/2022
--	------------------	------------------

B1. Is basic service in the community a "limited basic" as described above?		
<p>Expanded Basic Service In most cases, expanded basic service includes the limited basic channels plus many popular national networks. However, if you answered "no" to Question B1 (your basic service is not a limited basic) then basic service and expanded basic service are the same.</p>		
<p>Next Most Popular Service The next most popular service (compared to expanded basic service) offers at least seven additional non-premium, national cable networks.</p>		
	1/01/2021	1/01/2022
B2. Check box if a next most popular service was not offered (1/01/2019, 1/01/2020).	<input type="checkbox"/>	<input type="checkbox"/>
<p>Service and Equipment Costs</p> <p>In the questions below, report the monthly cost to receive each service tier in high definition (HD). For HD service cost including fees, add the service price and all fees and surcharges required to receive the service tier in HD. Exclude only equipment lease fees, taxes, and regulatory pass-through fees. Regulatory pass-through fees refer to fees charged to cable operators by regulatory bodies that are then passed on to consumers. Fees such as Broadcast TV and Regional Sports fees are not regulatory pass-through fees and must be included in HD service cost.</p> <p>In addition, report the total cost of HD service for each tier. For example, if basic service costs \$20 and expanded basic service costs an additional \$45, report a price of \$65 for expanded basic service.</p> <p>For HD converter box and remote-control cost, report the additional monthly lease fee for an HD-capable converter box and remote-control for a subscriber's first TV.</p> <p>The total cost of HD service and equipment will be automatically calculated as the sum of the HD service cost and the HD converter box and remote-control cost. This amount should reflect the total cost (excluding taxes and regulatory pass-through fees) to subscribers to receive the service tier in HD using a converter box and remote control. Please check to ensure that this is the case.</p> <p>If the service tier is not available in HD, report the cost of the service tier in standard definition (SD) and report the cost of an SD converter box and remote-control. Follow all other instructions above.</p>		
Basic Service	1/01/2021	1/01/2022
B3. Is this service tier available in HD?		
B4. HD service cost including fees	\$0.00	\$0.00
B5. Is an HD converter box and remote-control included in the HD service cost reported above?*		
B6. HD converter box and remote-control cost	\$0.00	\$0.00

B7. Total cost of HD service and equipment (automatically calculated)	\$0.00	\$0.00
Expanded Basic Service*	1/01/2021	1/01/2022
B8. Is this service tier available in HD?		
B9. HD service cost including fees	\$0.00	\$0.00
B10. Is an HD converter box and remote-control included in the HD service cost reported above?*		
B11. HD converter box and remote-control cost	\$0.00	\$0.00
B12. Total cost of HD service and equipment (automatically calculated)	\$0.00	\$0.00
If the service tier is not available in HD, report the cost of the service tier in standard definition (SD) and report the cost of an SD converter box and remote-control. Follow all other instructions above.		
Next Most Popular Service	1/01/2021	1/01/2022
B13. Is this service tier available in HD?		
B14. HD service cost including fees	\$0.00	\$0.00
B15. Is an HD converter box and remote-control included in the HD service cost reported above?*		
B16. HD converter box and remote-control cost	\$0.00	\$0.00
B17. Total cost of HD service and equipment (automatically calculated)	\$0.00	\$0.00
If the service tier is not available in HD, report the cost of the service tier in standard definition (SD) and report the cost of an SD converter box and remote-control. Follow all other instructions above.		
Channels		
For each service, report the number of channels, including channels that may require leasing equipment such as a digital converter box. If a network is available in both standard and high definition, count it as one channel.		
Do not count audio-only channels such as a music suite. Except for "All Video Channels" (Question B21), do not count premium, pay-per-view, or video on demand channels.		
Number of Channels		
Service	1/01/2021	1/01/2022
B18. Basic Service		
B19. Expanded Basic Service*		
B20. Next Most Popular Service		
B21. All Video Channels **		

* If you answered no to Question B1 (your basic service is not a limited basic), Question B19 is automatically filled with your response to Question B18.

** For Question B21, report each individual channel counted in Questions B18-B20 and any additional channels available, including premium, pay-per-view, and video on demand (VOD) channels. If a pay-per-view programming network is available, count it as one channel. Similarly, if a channel shows VOD programming, count it as one channel. For special subscription networks (e.g. MLB Extra Innings), count the network as one channel.

C. Channel Lineup C. Channel Lineup in Community

Channel Lineup on 1/1/2022	Basic Service	Expanded Basic Service
C1. Number of channels carried under FCC's public, educational, and governmental (PEG) access rules		
C2. Number of channels carried under FCC's commercial leased access rules		

A regional sports network (RSN) carries a substantial number of live games from at least one nearby professional sports team that is a member of the MLB, NBA, or NHL. Examples include Comcast SportsNet Bay Area, Fox Sports Detroit, SportsTime Ohio, and Altitude Sports. Do not include MLB Extra Innings, NHL Center Ice, NBA League Pass, and NFL Sunday Ticket / Redzone, or pay-per-view events. If a network is offered with basic service, generally the same network would be offered and counted under expanded basic. Similarly, the number under the next most popular service is generally equal to the number under expanded basic plus any additional RSNs offered. The number under "Other Services" should include any network not accounted for under basic, expanded basic, or the next most popular services.

Channel Lineup on 1/1/2022	Basic Service	Expanded Basic Service	Next Most Popular Service	Other Service
C3. Number of Regional Sports Networks				

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

We have estimated that each response to this collection of information will take, on average, 6 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain required data, and actually complete and review the response. If you have

any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0647), Washington, D.C. 20554. We will also accept your comments via the Internet if you send them to PRA@fcc.gov. Remember - you are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number 3060-0647.
