Explanation of Effort and Availability of Commercial Equipment

*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

The removal, replacement, and disposal directives of the SCRP have been carried out. However, James Valley is experiencing software issues with the replacement equipment that was installed by the vendor. They are at the mercy of the vendor as to when these issues will be resolved, and an extension request has been filed due to this uncertainty.

*Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

All tower and core equipment orders have been fulfilled and installed at this time.

* If there is additional information relevant to the preceding questions or that you believe the Commission should be aware of, please include the information below.
