

# PRIVACY IMPACT ASSESSMENT (PIA) FOR THE URBAN RATE SURVEY (URS)

September 2022

**OFFICE OF GENERAL COUNSEL** 

Washington DC, 20554

## **Next Review Cycle:** September 2023

# **Record of Approval**

Document Approval	
Drafter Name: Alexander Egorov	Bureau/Office: OEA
SAOP Approval	
Printed Name: Elliot S. Tarloff	Senior Agency Official for Privacy
Signature:	

## **Record of Approval**

Date	Description	Author
09/16/2022	Validation of information – System Owner	Craig Stroup
09/15/2022	09/15/2022 Validation of completeness – IT Compliance Lead	

## **Revision History**

Date	Description	Name
8/01/2022	Original Document Created	ISSO – Alexander Egorov
08/10/2022	Revisions to 1.2, 1.3A, 1.3C, 1.3D,	Privacy Team (Elliot S. Tarloff and Katie Morehead)

#### **Urban Rate Survey (URS) System Boundary**

#### 1.1. Introduction

Section 208 of the E-Government Act of 2002<sup>1</sup> requires agencies to conduct a **Privacy Impact Assessment (PIA)** whenever they procure or develop an information technology system that will collect, maintain, or disseminate information about individual people. The PIA must document how the system will use information it collects about individuals and, unless it contains classified or sensitive information, it must be made available to the public. The PIA was intended to be a tool for agencies to protect personal information throughout a technology system's life cycle. The Office of Management and Budget (OMB) has commented: "In general, PIAs are required to be performed and updated as necessary where a system change creates new privacy risks."<sup>2</sup>

The FCC is subject to the requirements of the E-Government Act and is committed to identifying and addressing privacy risks whenever it develops or makes changes to its information systems. The questions below explore important privacy issues identified in the Act and in later guidance by the Office of Management and Budget (OMB) and the National Institute of Standards and Technology (NIST). A longer discussion of the FCC's PIA policies can be found in Chapter 9 of the FCC's Privacy Act Manual (FCC Inst. 1113.1).

System owners, in collaboration with the Information System Security Officers (ISSOs) should complete the **Initial Privacy Assessment (IPA)** prior to filling out the PIA. The FCC Senior Agency Official for Privacy (SAOP) uses the IPA to determine whether a system will collect the kind of information that would make it subject to the requirements of Section 208, including a PIA. A PIA should not be completed until an IPA is completed and the SAOP makes a determination.

If you have any questions, please contact the Privacy Team at privacy@fcc.gov.

<sup>&</sup>lt;sup>1</sup> 44 U.S.C. § 3501 note.

<sup>&</sup>lt;sup>2</sup> OMB Memorandum No. M-03-22 (Sep. 26, 2003), https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2003/m03 22.pdf.

# 1.2. Authority To Operate (ATO) Boundary Overview

For each IT system that resides within the ATO Boundary, please use the table below to provide the system name, a brief description of the what the system does, whether it contains Personally Identifiable Information (PII) and a brief description of the PII (if applicable), the applicable System of Records Notice, the legal authorities to collect and maintain the PII, and whether the PII is shared with other systems (internal or external).

INFORMATION ABOUT THE SYSTEM
NAME OF THE SYSTEM
Urban Rate Survey (URS)
NAME OF BUREAU
Office of Economics and Analytics (OEA)
DOES THE SYSTEM CONTAIN PII?
Yes. Once a user submits PII, he or she is able to access the information by logging in using his or her URS credentials. URS admins access PII associated with filings by logging into URS, but URS does not support the retrieval of information by PII elements.
PLEASE PROVIDE A BRIEF DESCRIPTION OF THE PII (IF APPLICABLE)
The URS collects only PII that is necessary to contact survey respondents, including a
contact's full name, work phone numbers, and work email addresses. The provided work
email address also acts as the user ID.
IN WHAT SYSTEM OF RECORDS (SORN) IS THE INFORMATION CONTAINED (IF
APPPLICABLE)?
Business Contacts and Certifications System of Records Notice, FCC-2
WHAT ARE THE LEGAL AUTHORITIES FOR THE COLLECTION OF THIS PII?
47 U.S.C. §§ 151, 152, 154(i), 155, 201-205, 218-220, 254, 303(r), and 403.
Does the Commission Keep an Accurate Accounting of Disclosures from the System as
Required by Subsection (c) of the Privacy Act?
Yes. The Privacy Team keeps an accurate accounting of disclosures of information.
DOES THIS SYSTEM SHARE THE PII WITH OTHER SYSTEMS?
No

#### Is this a new ATO Boundary or an existing ATO Boundary?

X	New Boundary
	<b>Existing Boundary</b>

box that best describes the service the FCC receives/will receive from the cloud comprovider:			
	☐ The FCC uses provider-supported application/s on the provider's cloud network (Software as a Service or SaaS) [list applicable system(s)]		
	☐ The FCC has deployed application/s on the provider's cloud network and the provider supports the applications (Platform as a Service or PaaS) [list applicable system(s)]		
	☑ The FCC has deployed its own application/s on the cloud network and controls how these application/s are configured and operate (Infrastructure as a Service or IaaS) Amazon Web Services		
В.	If the IT systems in the ATO Boundary are in the cloud, are they FedRAMP certified?		
	<ul><li>☑ Yes, all the IT systems are FedRAMP certified</li><li>☐ No, none, or only some, of the IT systems are FedRAMP certified</li></ul>		

#### 1.3 Collection of Data

A. Please explain why it is necessary to collect PII to carry out the purpose of each of the system(s) that maintain PII within this Boundary.

The FCC needs to collect contact information for the survey respondents so that it can reach out to inquire about any questionable or incorrect data.

B. For each system within this Boundary, will this PII be collected from individuals themselves, or from third parties? If collected from individuals themselves, link to the Privacy Act Statement<sup>4</sup> for each system that is included with the online or paper form the system(s) use(s) to collect the PII.

Individuals. A copy of the PAS provided to users is attached as an addendum to this PIA

<sup>&</sup>lt;sup>3</sup> See NIST, The NIST Definition of Cloud Computing, Special Pub. No. 800-145 (Sep. 2011), <a href="https://csrc.nist.gov/publications/detail/sp/800-145/final">https://csrc.nist.gov/publications/detail/sp/800-145/final</a>.

<sup>4</sup> A Privacy Act Statement must inform individuals about (1) the authority to solicit information, (2) the principal purpose(s) for collecting the information, (3) the routine uses for disclosing the information, and (4) whether providing the information is mandatory or voluntary.

C. What steps is the FCC taking to limit the collection of PII to only that which is necessary?

The URS survey asks respondents to provide only PII data elements that are necessary for the Commission to contact them.

D. What steps will the FCC take to make sure this PII is accurate, complete, and up to date?

Survey respondents are responsible for ensuring that the information they provide is accurate, complete, and up to date. If a respondent uploads inaccurate information, it may contact the URS staff and the information will be updated.

#### 1.4 Use of the Data

A. Please explain the data flow, including whether the PII will be ingested from, or shared with, another system. Are internal connections reflected in the Cyber Security Asset Management tool (CSAM)? Are Information Sharing Agreements (ISAs) in CSAM for external connections?

The URS does not share any personally identifiable information with other systems and organizations. The only personally identifiable information is contact information, and it is exclusively used for contact reasons.

B. Will the information be shared with third parties as part of the operations of the information system (e.g., through an application programming interface or "API")?

No

C. How long will the PII be retained and how will it be disposed of?

Information in the systems within this boundary is retained and destroyed in accordance with applicable FCC policies and procedures, as well as with the FCC records disposition schedule or General Records Schedules approved by the National Archives and Records Administration (NARA).

### 1.5 Data Security and Privacy

A.	What are the system's ratings for confidentiality, integrity, and availability?				
	Confidentiality	High	_XModerate	Low	
	Integrity	High	_XModerate	Low	
	Availability	High	_XModerate	Low	
В.	Discuss the physical, administrative, and technical controls in place to protect the data in the system.				
	The FCC protects its information resources with a dynamic set of security measure Some of these measures (e.g., network firewalls, physical security) protect the enterprise, while other measures (e.g., user access restrictions, encryption) a applied to specific information systems. Following the risk-based policy established the Federal Information Modernization Act (FISMA), the FCC applies more security measures (also known as security "controls") to information systems that present operational risks. Consistent with this policy, the FCC applies specific security controls that collect and process PII. A comprehensive list of the security and privation to the FCC may apply to its information systems can be found in National Information and Technology (NIST) Special Publication No. 800-53, Revision 5 [NIST]				
C.	Does the system inherit privacy controls from an external provider? If an Interconnection Security Agreement (ISA), Memorandum of Understanding (MOU), or similar document is in place, please summarize the privacy applicable portions of the document.				
	Yes. Amazon Web Service	s East/West – F	FedRAMP		
1.6 A	access to the Information	on			
A.	Which FCC employees and system?	d contractors v	vill have access to the PII	in this information	
	URS admin users only.				
a.	Does this system leverage	e Enterprise Ac	cess Controls?		
	Yes, the URS utilizes Okta and CORES for authentication, login, and access.				

## **Appendix A – Privacy Act Statement**
