Explanation of Effort and Availability of Commercial Equipment

*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

All Huawei equipment in the Eltopia network has been decommissioned, and we are still awaiting certificates of destruction. We are also waiting for the delivery and installation of replacement core equipment. The replacement of RAN equipment has been a pending decision as we are already approaching our allocation limit and lack the funds to complete the full RRD through the program unless we commit other capital to the task. We are still pursuing finishing all necessary work before the RRD team ends in November.

*Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

We are still in the process of identifying equipment suppliers for certain network components, but we anticipate long lead times for those items.

* If there is additional information relevant to the preceding question Commission should be aware of, please include the information below.	s or that you	believe the
