## Explanation of Effort and Availability of Commercial Equipment

\*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

All untrusted equipment in Eltopia's network has been decommissioned. We continue to await certificates of destruction. Eltopia is currently close to the Allocated Funding limit and thus, does not have the funds necessary to replace the RAN equipment. We continue to pursue other options to complete the necessary work before the RRD term ends in November or the program becomes fully funded.

\*Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

Etopia is still in the process of identifying equipment suppliers and vendors for certain network components because they are not readily available within the commercial market. It is anticipated that long lead times will be an issue with these pieces of equipment.

\* If there is additional information relevant to the preceding questions or that you believe the Commission should be aware of, please include the information below.
