Explanation of Effort and Availability of Commercial Equipment

*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

The Kings County Office of Education took a very proactive approach and replaced all of our Huawei gear when the order was announced. The only challenge we are facing now is getting reimbursed for this expense and hoping that another round of funding occurs so we can recover 100% of what was approved.

*Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

We did not have any issues finding a commercially available product to replace the Huawei gear.

* If there is additional information relevant to the preceding questions or that you believe the Commission should be aware of, please include the information below.
