Explanation of Effort and Availability of Commercial Equipment

*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

We are working to find additional funding in the event that additional funding is not provided via the FCC. The partial funding does not allow our district to completely replace communications equipment or services we were required to remove\decommission. We asked about just using the funds to remove the equipment and we are waiting for response from the SCRP Fund Admin.

*Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

We haven't looked for equipment in the marketplace yet. We are working to find additional funding in the event that additional funding is not provided via the FCC.

* If there is additional information relevant to the preceding questions or that you believe the Commission should be aware of, please include the information below.
