Explanation of Effort and Availability of Commercial Equipment

*Provide an explanation of efforts undertaken, and challenges encountered, in permanently removing, replacing, and disposing of covered communications equipment or service.

PocketiNet has requested and received updated quotes from all chosen vendors after equipment changes because of lengthy fulfilment days. We are expecting to put in purchase orders in by months end. We have experienced recent purchase order delays because of personnel changes and holiday season. *Explain whether you are finding commercially available equipment in the marketplace. If not, then explain efforts taken to obtain replacement equipment.

We are finding commercially available equipment in the market place. We are finding varying lead times from 6-8 weeks for microwave equipment and 6 months for ONT and OLT fiber equipment.

* If there is additional information relevant to the preceding questions or that you believe the Commission should be aware of, please include the information below.
