

*Frequency of Response:*

Recordkeeping requirement; On occasion, semi-annual, weekly and annual reporting requirements.

*Obligation to Respond:* Required to obtain or retain benefits. The statutory authority for this information collection is contained in 47 U.S.C. 154, 303, 307, 334, 336 and 554.

*Total Annual Burden:* 20,096 hours.

*Annual Cost Burden:* \$100,415.

*Privacy Act Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:*

In general, there is no need for confidentiality with this collection of information.

*Needs and Uses:* The Federal Communications Commission (“Commission”) is requesting that the Office of Management and Budget (OMB) approve a three-year extension of the information collection titled “Part 73, Subpart F International Broadcast Stations” under OMB Control No. 3060–1035. This information collection is used by the Commission to assign frequencies for use by international broadcast stations, to grant authority to operate such stations and to determine if interference or adverse propagation conditions exist that may impact the operation of such stations. The Commission collects this information pursuant to 47 CFR part 73, subpart F. If the Commission did not collect this information, it would not be in a position to effectively coordinate spectrum for international broadcasters or to act for entities in times of frequency interference or adverse propagation conditions. Therefore, the information collection requirements are as follows:

FCC Form 309—Application for Authority to Construct or Make Changes in an International, Experimental Television, Experimental Facsimile, or a Developmental Broadcast Station—The FCC Form 309 is filed on occasion when the applicant is requesting authority to construct or make modifications to the international broadcast station.

FCC Form 310—Application for an International, Experimental Television, Experimental Facsimile, or a Developmental Broadcast Station License—The FCC Form 310 is filed on occasion when the applicant is submitting an application for a new international broadcast station.

FCC Form 311—Application for Renewal of an International or Experimental Broadcast Station License—The FCC Form 311 is filed by applicants who are requesting renewal of their international broadcast station licenses.

47 CFR 73.702(a) states that six months prior to the start of each season, licensees and permittees shall by informal written request, submitted to the Commission in triplicate, indicate for the season the frequency or frequencies desired for transmission to each zone or area of reception specified in the license or permit, the specific hours during which it desires to transmit to such zones or areas on each frequency, and the power, antenna gain, and antenna bearing it desires to use.

Requests will be honored to the extent that interference and propagation conditions permit and that they are otherwise in accordance with the provisions of section 47 CFR 73.702(a).

47 CFR 73.702(b) states that two months before the start of each season, the licensee or permittee must inform the Commission in writing as to whether it plans to operate in accordance with the Commission’s authorization or operate in another manner.

47 CFR 73.702(c) permits entities to file requests for changes to their original request for assignment and use of frequencies if they are able to show good cause. Because international broadcasters are assigned frequencies on a seasonal basis, as opposed to the full term of their eight-year license authorization, requests for changes need to be filed by entities on occasion.

47 CFR 73.702 (note) states that permittees who during the process of construction wish to engage in equipment tests shall by informal written request, submitted to the Commission in triplicate not less than 30 days before they desire to begin such testing, indicate the frequencies they desire to use for testing and the hours they desire to use those frequencies.

47 CFR 73.702(e) states within 14 days after the end of each season, each licensee or permittee must file a report with the Commission stating whether the licensee or permittee has operated the number of frequency hours authorized by the seasonal schedule to each of the zones or areas of reception specified in the schedule.

47 CFR 73.782 requires that licensees retain logs of international broadcast stations for two years. If it involves communications incident to a disaster, logs should be retained as long as required by the Commission.

47 CFR 73.759(d) states that the licensee or permittee must keep records of the time and results of each auxiliary transmitter test performed at least weekly.

47 CFR 73.762(b) requires that licensees notify the Commission in writing of any limitation or

discontinuance of operation of not more than 10 days.

47 CFR 73.762(c) states that the licensee or permittee must request and receive specific authority from the Commission to discontinue operations for more than 10 days under extenuating circumstances.

47 CFR 1.1301–1.1319 cover certifications of compliance with the National Environmental Policy Act and how the public will be protected from radio frequency radiation hazards.

**FEDERAL COMMUNICATIONS COMMISSION**

[FR ID 26344]

**Privacy Act of 1974; System of Records**

**AGENCY:** Federal Communications Commission

**ACTION:** Notice of a new system of records.

**SUMMARY:** The Federal Communications Commission (FCC, Commission, or Agency) proposes to add a new system of records, FCC/WCB–5, Robocall Mitigation Database to its inventory of records systems subject to the Privacy Act of 1974, as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the Agency. The FCC requires voice service providers to certify that they have implemented the Secure Telephone Identity Revisited and Signature-based Handling of Asserted Information Using toKENs (STIR/SHAKEN) caller ID authentication framework and/or a robocall mitigation program. These certifications will be uploaded to the Robocall Mitigation Database and include the personally identifiable information (PII) of individual representatives of the service providers, such as contact information. Once service providers submit their certifications to the FCC, the certifications will then be made available for download via a public website to ensure transparency and accountability for implementing robocall mitigation programs.

**DATES:** This system of records will become effective on May 18, 2021. Written comments on the routine uses are due by June 17, 2021. The routine

uses will become effective on June 17, 2021, unless written comments are received that require a contrary determination.

**ADDRESSES:** Send comments to Margaret Drake, at [privacy@fcc.gov](mailto:privacy@fcc.gov), or at Federal Communications Commission (FCC), 45 L Street NE, Washington, DC 20554 at (202) 418-1707.

**FOR FURTHER INFORMATION CONTACT:** Margaret Drake, (202) 418-1707, or [privacy@fcc.gov](mailto:privacy@fcc.gov) (and to obtain a copy of the Narrative Statement and the Supplementary Document, which includes details of the modifications to this system of records).

**SYSTEM NAME AND NUMBER:**

FCC/WCB-5, ROBOCALL MITIGATION DATABASE.

**SECURITY CLASSIFICATION:**

Unclassified.

**SYSTEM LOCATION(S):**

Federal Communications Commission (FCC), 45 L Street NE, Washington, DC 20554.

**SYSTEM MANAGER(S):**

The FCC's Wireline Competition Bureau.

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

47 U.S.C. 227b(b)(5)(C).

**PURPOSES:**

The FCC uses this system to ensure compliance with FCC rules requiring implementation of the STIR/SHAKEN caller ID authentication framework and/or a robocall mitigation program.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Individual representatives of voice service providers.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

Contact information, such as name, phone numbers, emails, and addresses, as well as work title and department.

**RECORD SOURCE CATEGORIES:**

Information in this system is provided by individual representatives of voice service providers who are certifying the service providers' implementation of the STIR/SHAKEN caller ID authentication framework and/or a robocall mitigation program.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be

disclosed to authorized entities, as is determined to be relevant and necessary, outside the FCC as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

1. **Public Access**—Information from service providers' certifications, including the representative's contact information, will be posted to the Robocall Mitigation Database, a publicly accessible website. The certifications themselves will also be available for download on the site.

2. **Service Providers**—To other voice service providers to further ensure transparency concerning implementation of STIR/SHAKEN caller ID authentication framework and/or a robocall mitigation program, and to allow intermediate and terminating voice service providers to confirm they are only accepting traffic directly from originating voice service providers in the database.

3. **Adjudication and Litigation**—To the Department of Justice (DOJ), or to administrative or adjudicative bodies before which the FCC is authorized to appear, when: (a) The FCC or any component thereof; or (b) any employee of the FCC in his or her official capacity; or (c) any employee of the FCC in his or her individual capacity where the DOJ or the FCC have agreed to represent the employee; or (d) the United States is a party to litigation or has an interest in such litigation, and the use of such records by the DOJ or the FCC is deemed by the FCC to be relevant and necessary to the litigation.

4. **Law Enforcement and Investigation**—To appropriate Federal, State, local, or tribal agencies, authorities, and officials responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, when the FCC becomes aware of an indication of a violation or potential violation of civil or criminal law, regulation, or order.

5. **Congressional Inquiries**—To a Congressional office from the record of an individual in response to an inquiry from that Congressional office made at the written request of that individual.

6. **Government-wide Program Management and Oversight**—To the Department of Justice (DOJ) to obtain that department's advice regarding disclosure obligations under the Freedom of Information Act; or to the Office of Management and Budget (OMB) to obtain that office's advice regarding obligations under the Privacy Act.

7. **Breach Notification**—To appropriate agencies, entities, and persons when: (a) The Commission suspects or has confirmed that there has

been a breach of the system of records; (b) the Commission has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, the Commission (including its information systems, programs, and operations), the Federal Government, or national security; and (c) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Commission's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

8. **Assistance to Federal Agencies and Entities**—To another Federal agency or Federal entity, when the Commission determines that information from this system is reasonably necessary to assist the recipient agency or entity in: (a) Responding to a suspected or confirmed breach or (b) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, program, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

9. **Non-Federal Personnel**—To disclose information to non-federal personnel, including contractors, who have been engaged to assist the FCC in the performance of a contract service, grant, cooperative agreement, or other activity related to this system of records and who need to have access to the records in order to perform their activity.

In each of these cases, the FCC will determine whether disclosure of the records is compatible with the purpose for which the records were collected.

**REPORTING TO A CONSUMER REPORTING AGENCIES:**

In addition to the routine uses cited above, the Commission may share information from this system of records with a consumer reporting agency regarding an individual who has not paid a valid and overdue debt owed to the Commission, following the procedures set out in the Debt Collection Act, 31 U.S.C. 3711(e).

**POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

This an electronic system of records that is maintained within the FCC's network accreditation boundaries.

**POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

Information in this system can be retrieved by various identifiers, such as name, title, department, address, phone number, and email address.

**POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL:**

The National Archives and Records Administration (NARA) has not established a records schedule for the information in the Robocall Mitigation Database system of records. Consequently, until NARA has approved a records schedule, USAC will maintain all information in the Robocall Mitigation Database system of records will be maintained in accordance with NARA records management directives.

**ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

The electronic records, files, and data are stored within FCC accreditation boundaries and maintained in a database housed in the FCC's computer network databases. Access to the electronic files is restricted to authorized Commission employees and contractors; and to IT staff, contractors, and vendors who maintain the IT networks and services. Other FCC employees and contractors may be granted access on a need-to-know basis. The FCC's electronic files and records are protected by the FCC and third-party privacy safeguards, a comprehensive and dynamic set of IT safety and security protocols and features that are designed to meet all Federal privacy standards, including those required by the Federal Information Security Modernization Act of 2014 (FISMA), the Office of Management and Budget (OMB), and the National Institute of Standards and Technology (NIST).

**RECORD ACCESS PROCEDURES:**

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

**CONTESTING RECORD PROCEDURES:**

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

**NOTIFICATION PROCEDURE:**

Individuals wishing to determine whether this system of records contains information about themselves may do so

by writing *privacy@fcc.gov*. Individuals requesting access must also comply with the FCC's Privacy Act regulations regarding verification of identity to gain access to records as required under 47 CFR part 0, subpart E.

**EXEMPTIONS CLAIMED FOR THE SYSTEM:**

None.

**HISTORY:**

This is a new system of records. Federal Communications Commission.
