# Agreements with Other Parties and Joint Bidding Arrangements

---

- Anti-Collusion Rule: Unless properly disclosed, communications concerning bids, bidding strategies, or settlement agreements (including post-auction market structures) *generally* are prohibited among applicants that bid for licenses in any of the same geographic areas (Section 1.2105(c)). Because all of the licenses available in Auction No. 65 have the same service area, i.e., they are nationwide, this prohibition will apply to all applicants.
- To be in compliance, applicants must certify under penalty of perjury that they have not entered and will not enter into any explicit or implicit agreements, arrangements or understandings of any kind with any parties other than those they have identified regarding the amount of their bids, bidding strategies or particular licenses on which they will or will not bid.

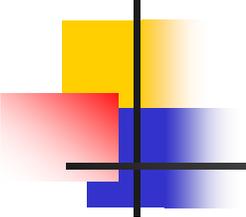

3/14/2006

# Agreements with Other Parties and Joint Bidding Arrangements Continued

---

- Prohibition period is between the short-form deadline – March 24, 2006 at 6:00 p.m. - and the down payment deadline which will be specified in a future public notice. (Section 1.2105(a)(2)(iv)).
- The rule prohibits an auction applicant from discussing a competing applicant's bids or bidding strategies even if the first applicant does not discuss its own bids or bidding strategies.
- The rule requires auction applicants that make or receive a prohibited communication of bids or bidding strategies to report the communication immediately to the Commission in writing.

## Agreements with Other Parties and Joint Bidding Arrangements Continued

---

- Applicants must identify all parties with whom they have entered into agreements of any kind relating to the licenses being auctioned, including post-auction market structure. (Section 1.2105(a)(2)(viii)). Any applicant that submits an auction application to participate in Auction No. 65 regardless of whether an upfront payment is submitted or a bid is made, remains subject to the Commission's anti-collusion rule until the post-auction down payment deadline.
- For the anti-collusion rule, "applicant" includes controlling interests, ownership interests, and officers and directors. (Section 1.2110)

# Defaults – Delinquencies

## Red Lights

---

- Applicants must certify whether they are currently in default on any Commission license and currently delinquent on any non-tax debt owed to any Federal agency in order to be eligible to participate in the auction. For these purposes, “applicant” includes the applicant’s controlling interests and affiliates (of both the applicant and controlling interests).
- Applicants are well advised to resolve any concerns regarding outstanding “red lights” for any relevant party prior to filing the Form 175. An applicant will be able to submit Form 175 to the Commission, notwithstanding a “red light” but the application may not be “accepted” at a later stage.
- Finally, applicants should remember that the “red light” database concerns only current delinquencies with the Commission. Auction rules are concerned with both current and former delinquencies on non-tax debt owed to any Federal agency. See 47 C.F.R. Section 1.2105(a)(2)(x) and (xi). Applicants should not rely on a “green light” as a guarantee that they have no concerns regarding delinquencies, current or former, on non-tax debt owed to any Federal agency.

### Upfront Payments

#### Calculating Your Upfront Payment

Applicants are solely responsible for determining the amount of their upfront payment. In most FCC auctions, the amount of the upfront payment determines initial bidding eligibility. In calculating an upfront payment amount, an applicant should determine the maximum number of bidding units on which it may wish to be active (bid on or hold provisionally winning bids on) in any given round, and submit an upfront payment amount covering that number of bidding units. Applicants should check their calculations carefully, as there is no provision for increasing a bidder's eligibility after the upfront payment deadline.

Eligibility is not license specific. You do not have to make an upfront payment to cover all licenses for which you have applied on FCC Form 175, but rather to cover the maximum number of bidding units that are associated with licenses on which you wish to place bids and hold provisionally winning bids in any single round. Please refer to the [Auction No. 65 Procedures](#) public notice for further explanation.

To generate an electronic pre-filled version of the FCC Form 159, do the following:

1. Enter your upfront payment amount in the space provided below.
2. Click the "Carry to 159" button to save the total upfront payment amount and carry it through to Form 159.

#### About the Former Defaulter's Calculation

The upfront payment amount required for former defaulters may be higher than that for applicants who have never been in default. Refer to the Procedures Public Notice for more information.
