

functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The purpose of this information collection request is to assist the EPA in selecting federal advisory committee members who will be appointed as Special Government Employees (SGEs), mostly to the EPA's scientific and technical committees. To select SGE members as efficiently and cost effectively as possible, the Agency needs to evaluate potential conflicts of interest before a candidate is hired as an SGE and appointed as a member to a committee.

Agency officials developed the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency," also referred to as Form 3110-48, for greater inclusion of information to discover any potential conflicts of interest as recommended by the Government Accountability Office.

Form Number: EPA Form 3110-48.

Respondents/affected entities: Entities potentially affected by this action are approximately 250 candidates for membership as SGEs on EPA federal advisory committees. SGEs are required to file a confidential financial disclosure report (Form 3110-48) when first appointed to serve on EPA advisory committees, and then annually thereafter. Committee members may also be required to update the confidential form before each meeting while they serve as SGEs.

Respondent's obligation to respond: Required in order to serve as an SGE on a federal advisory committee at EPA (5 CFR 2634.903).

Estimated number of respondents: 250 (total).

Frequency of response: When first appointed to serve on an EPA advisory committee and annually thereafter. Committee members may also be required to update the confidential form before each meeting while they serve as SGEs.

Total estimated burden: 250 hours per year (1 hour per respondent). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$22,000 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: We anticipate an increase in the total estimated respondent burden compared with the ICR currently approved by OMB. The estimated number of respondents needs to be revised to consider several committees and subcommittees with SGEs that were established since the ICR was last renewed, as well as SGEs who serve as consultants to the committees on an ad-hoc basis.

Office of Mission Support.*

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 167779]

Privacy Act System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice of a modified system of records.

SUMMARY: The Federal Communications Commission (FCC, Commission, or Agency) proposes to modify an existing system of records, FCC/CGB-3, National

Deaf-Blind Equipment Distribution Program (NDBEDP), subject to the Privacy Act of 1974, as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. The Commission uses the information, including personally identifiable information (PII), that is submitted by the certified equipment distribution program in each state, as required by the NDBEDP, to maintain each state's certification to participate in the NDBEDP to support the distribution of specialized customer premises equipment (CPE) and the provision of associated services. State equipment distribution programs, other public programs, and private entities may apply to the Commission for certification for the state to participate in the NDBEDP and receive reimbursement for its activities. This modification makes various necessary changes and updates, including formatting changes required by the Office of Management and Budget (OMB) Circular A-108 since its previous publication, the addition of new routine uses, as well as the revision of existing routine uses.

DATES: This modified system of records will become effective on September 1, 2023. Written comments on the routine uses are due by October 2, 2023. The new or revised routine uses in this action will become effective on October 2, 2023 unless comments are received that require a contrary determination.

ADDRESSES: Send comments to Katherine C. Clark, FCC, 45 L Street NE, Washington, DC 20554, or to privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Katherine C. Clark, (202) 418-1773 or privacy@fcc.gov (and to obtain a copy of the Narrative Statement and the Supplementary Document, which includes details of the proposed alterations to this system of records).

SUPPLEMENTARY INFORMATION: As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of the proposed modification of a system of records maintained by the FCC. The FCC previously provided notice of the system of records FCC/CGB-3 by publication in the **Federal Register** on January 19, 2012 (77 FR 2721). This notice serves to modify FCC/CGB-3 to make various necessary changes and updates, including clarification of the purpose of the system, format changes required by OMB Circular A-108 since its previous

publication, the addition of new routine uses and the revision of existing routine uses, which include converting a single existing routine use into multiple revised routine uses. The substantive changes and modifications to the previously published version of the FCC/CGB-3 system of records include:

1. Updating the language in the Security Classification to follow OMB guidance;
2. Modifying the language in the Categories of Individuals and Categories of Records to be consistent with the language and phrasing now used in FCC SORNs;
3. Updating and/or revising language in the following routine uses: (4) Law Enforcement and Investigation; (5) Litigation; (6) Adjudication; (7) Congressional Inquiries; (8) Government-wide Program Management and Oversight; and (9) Breach Notification, the revision of which is as required by OMB Memorandum No. M-17-12;
4. Adding two new routine uses: (10) Assistance to Federal Agencies and Entities Related to Breaches—to assist with other Federal agencies' data breach situations, which is required by OMB Memorandum No. M-17-12; and (11) Non-Federal Personnel—to allow access to information to contractors, other vendors, grantees, and volunteers who have been engaged to assist the FCC in the performance of a contract, service, grant, or cooperative agreement; and
5. Deleting former routine use (6) Department of Justice, which is duplicative of current routine use (5) Litigation.

The system of records is also updated to reflect various administrative changes related to the system managers and system addresses; policy and practices for storage and retrieval of the information; administrative, technical, and physical safeguards; and updated notification, records access, and contesting records procedures.

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 167797]

Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission ("FCC" or "Commission" or "Agency") and the Universal Service Administrative Company (USAC) will conduct with the Michigan Department of Health and Human Services. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before October 2, 2023. This computer matching program will commence on October 2, 2023, and will conclude 18 months after the effective date.

ADDRESSES: Send comments to Elliot S. Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or to Privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT:

Elliot S. Tarloff at 202-418-0886 or Privacy@fcc.gov.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program, and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016, (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by
