**FCC Auction 56** **Export Bids**

Using the three options listed below, you can export bids from any previous round -- or bids on all the licenses listed on your Form 175 -- to a text file. A checkbox at the bottom lets you exclude bids that are standing high bids.

Licenses are exported in the same format used to import licenses, but the export file's "bid increment" field will be set to 1, to select the minimum acceptable bid. If desired, you may use a text editor to modify the licenses or bid increment values before importing the bids.

**Export Bids**

Licenses Included

- Your bids from the previous round (Round 6)
- Your bids from round
- All licenses selected on your Form 175

Exclude licenses for which you are the standing high bidder

[Return to Bidding Home](#)

[Return to Top](#)

## FCC Auction 56 Import Bids

The Import feature lets you specify a large number of bids by importing them in a text file. Import files are limited to 1,000 bids. However, you may import as many files as you want in any round.

Enter each bid on a separate line, using the following format:

***Service Code-Market-Block/Channel-Submarket, Bid Increment***

**Submarket** indicates the portion of a partitioned or disaggregated market. Most auctions do not have submarkets, in which case **Submarket** is set to **0** (zero). **Bid Increment** is a digit between 1 and 9, corresponding to one of the nine acceptable bid amounts for the license. Bid increment **1** represents the minimum acceptable bid; bid increment **9** represents the largest acceptable bid you may place on a license.

For example, suppose that an auction offers licenses for service code CP and market BEA001. The following entries represent bids on three licenses in that auction. The first two entries use the minimum acceptable bid amount (bid increment 1) on block/channels CA and CB. The third entry uses the second lowest bid amount (bid increment 2) on block/channel CD. Note also that in this example auction, the submarket field is set to **0** (zero).

```
CP-BEA001-CA-0,1  
CP-BEA001-CB-0,1  
CP-BEA001-CD-0,2
```

The above are strictly examples. For the complete list of licenses being offered in this auction, refer to the Procedures Public Notice associated with this auction.

Specify bid file:

[Return to Top](#)

## FCC Auction 56 Type Bids

The Type Bids page lets you specify licenses on which you want to bid, by typing their names into the Licenses area below. You can also insert the names of all licenses you bid on in the last round in which you placed bids, by clicking the **Add Licenses** button. When you have finished specifying licenses, click the **Submit** button to obtain the Place Bids page. There, you will be able to select a bid amount for each license and then place your bids.

Enter the full name of each license on a separate line, using the following format:

***Service Code-Market-Block/Channel***

For example, suppose that an auction offers licenses for service code CP and market BEA001. In that auction, the following entries select licenses for block/channel CA, CB, and CD, respectively:

CP-BEA001-CA  
CP-BEA001-CB  
CP-BEA001-CD

The above are strictly examples. For the complete list of licenses being offered in this auction, refer to the Procedures Public Notice associated with this auction.
